Adding e MAR Stock Adjustment Reasons

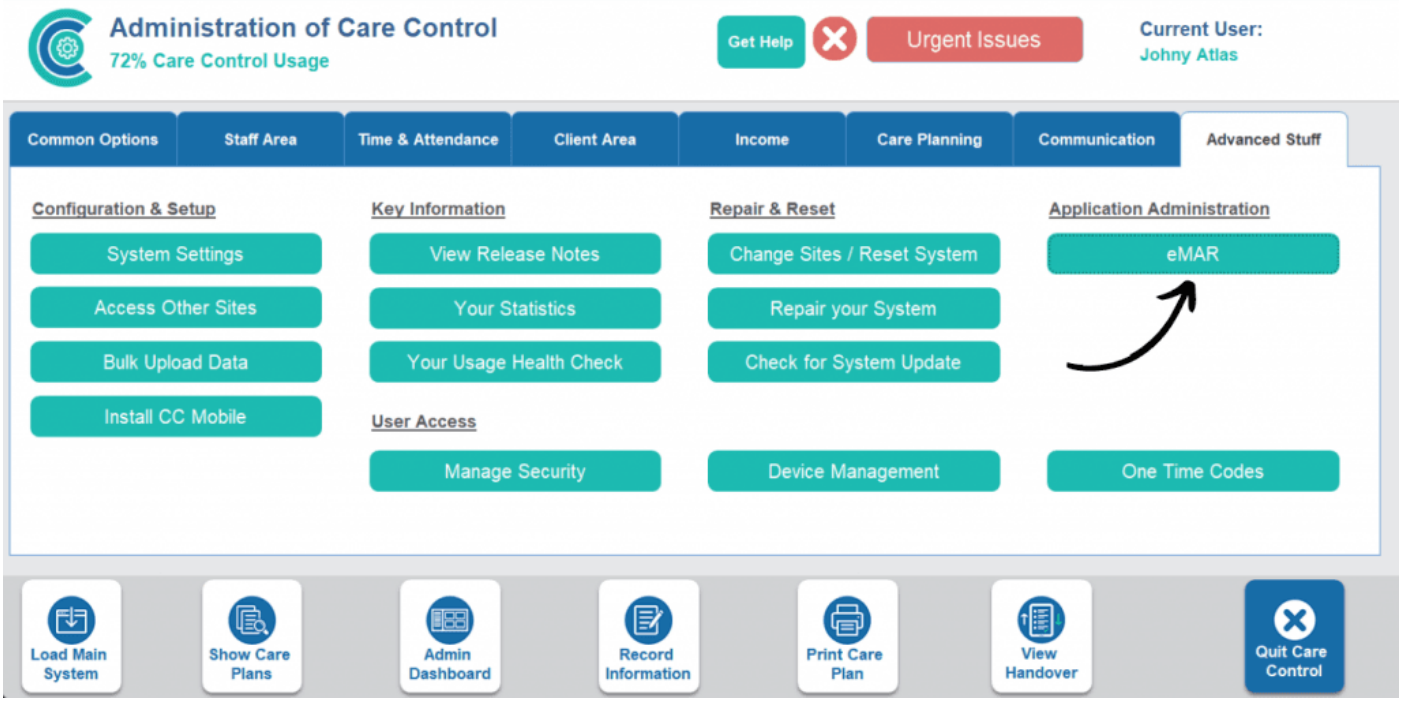

Care Control eMAR · https://cclearninghub.co.uk/docs/adding-emar-stock-adjustment-reasons/

Adding e MAR Stock Adjustment Reasons

What You'll Learn in This Guide:

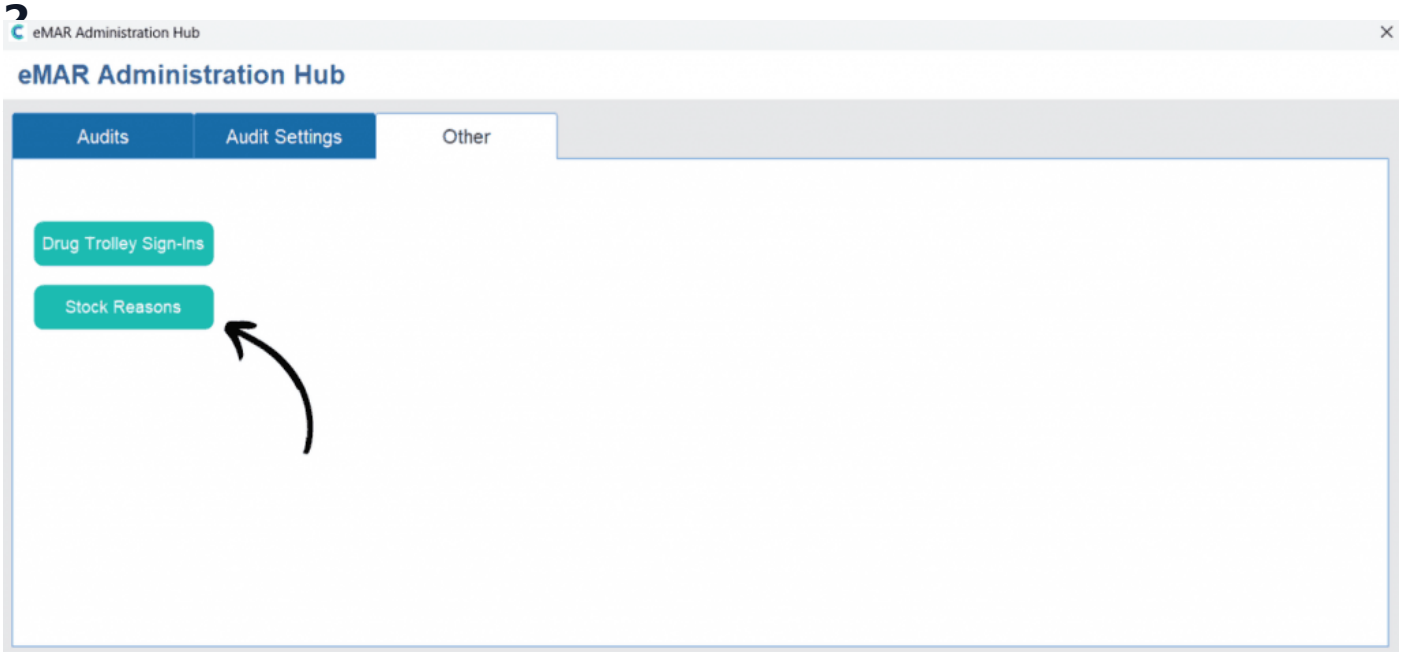

- **Why stock adjustment reasons matter:** Understanding the importance of providing a reason when adding or removing stock in e MAR.
- **How to access the settings:** Locate and navigate to the section within the e MAR admin interface where adjustment reasons are managed.
- **How to add a new reason:** Step-by-step instructions for creating a new adjustment-reason entry.
- **How to edit or deactivate existing reasons:** Modify descriptions or mark reasons as inactive when no longer needed.
- **Tips for managing adjustment reasons effectively:** Best practices for organizing, naming, and using reasons to maintain clarity and auditability.

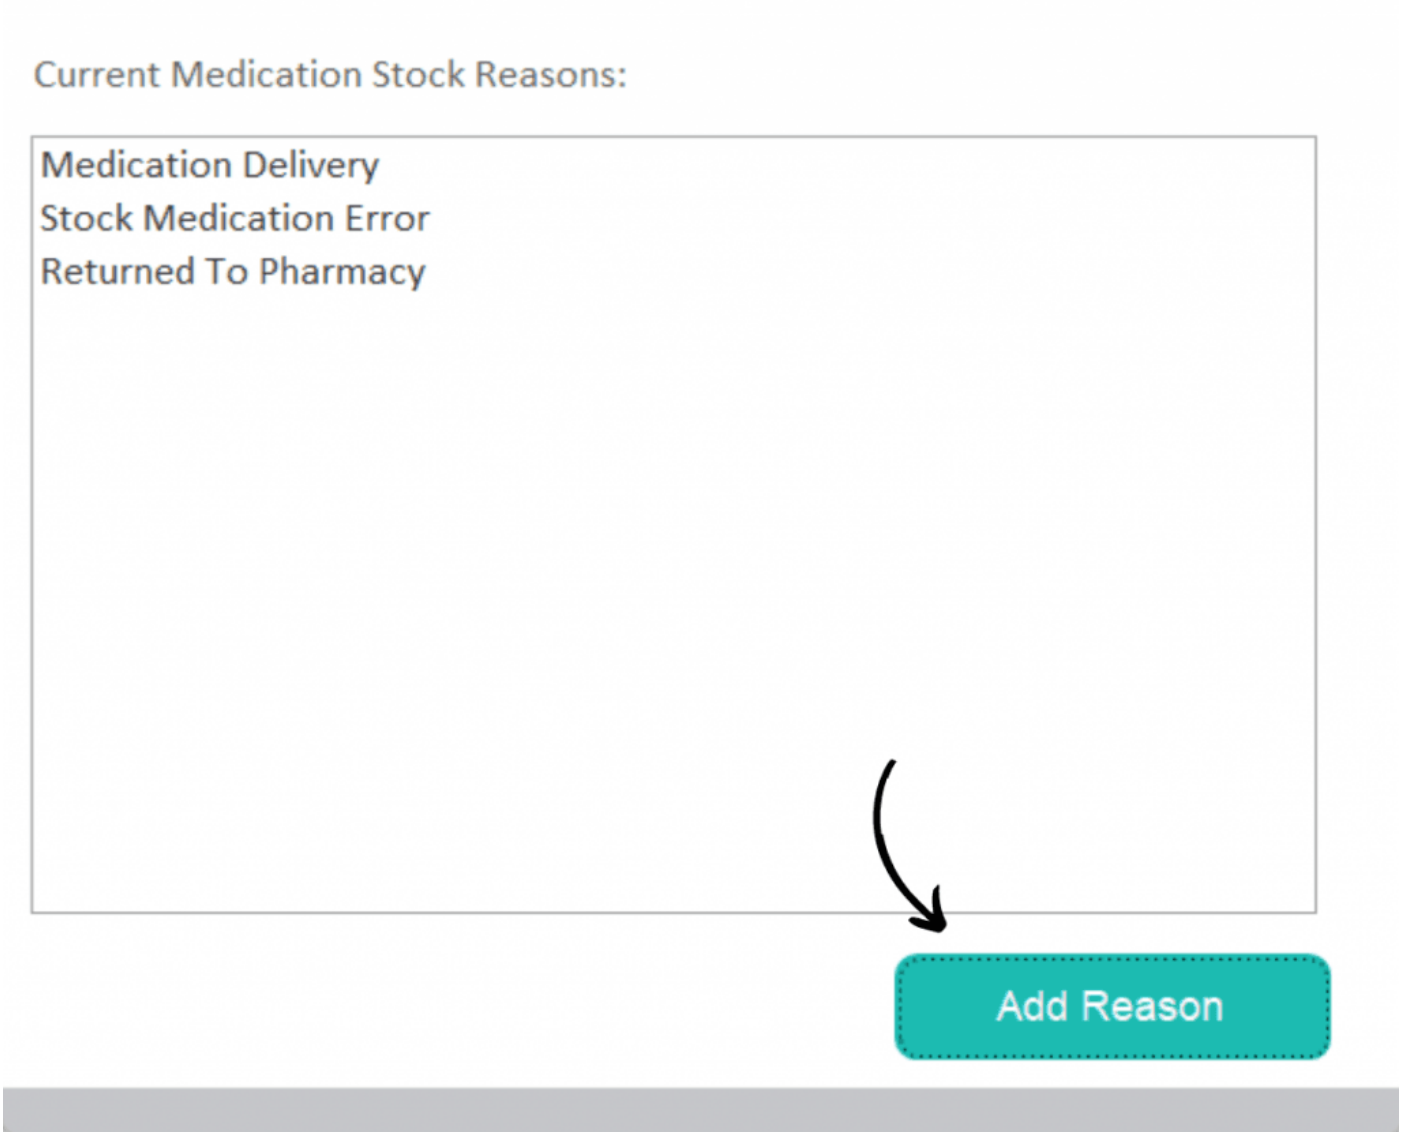

1

In the Administration of Care Control Windows, open the **eMAR** tool, which can be found under the **Advanced Stuff** tab.

2

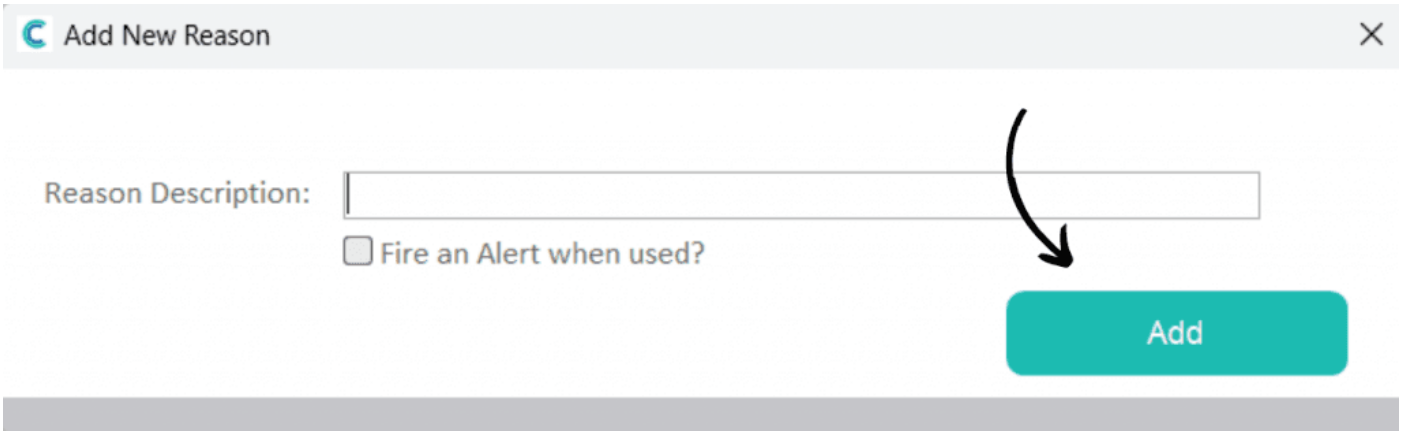

3

A list of the current stock adjustment reasons will be displayed. Press **Add Reason**.

4

Enter the name of the new reason and press **Add**.

Add New Reason
Reason Description:
Fire an Alert when used?
