Bulk Monitoring Changes on Mobile

Care Control Mobile · https://cclearninghub.co.uk/docs/bulk-monitoring-changes-on-mobile/

Bulk Monitoring Changes on Mobile

This guide will cover how to Bulk Start or Stop monitoring for a service user on Care Control Mobile. This can be useful if the service user is leaving your care for a short time.

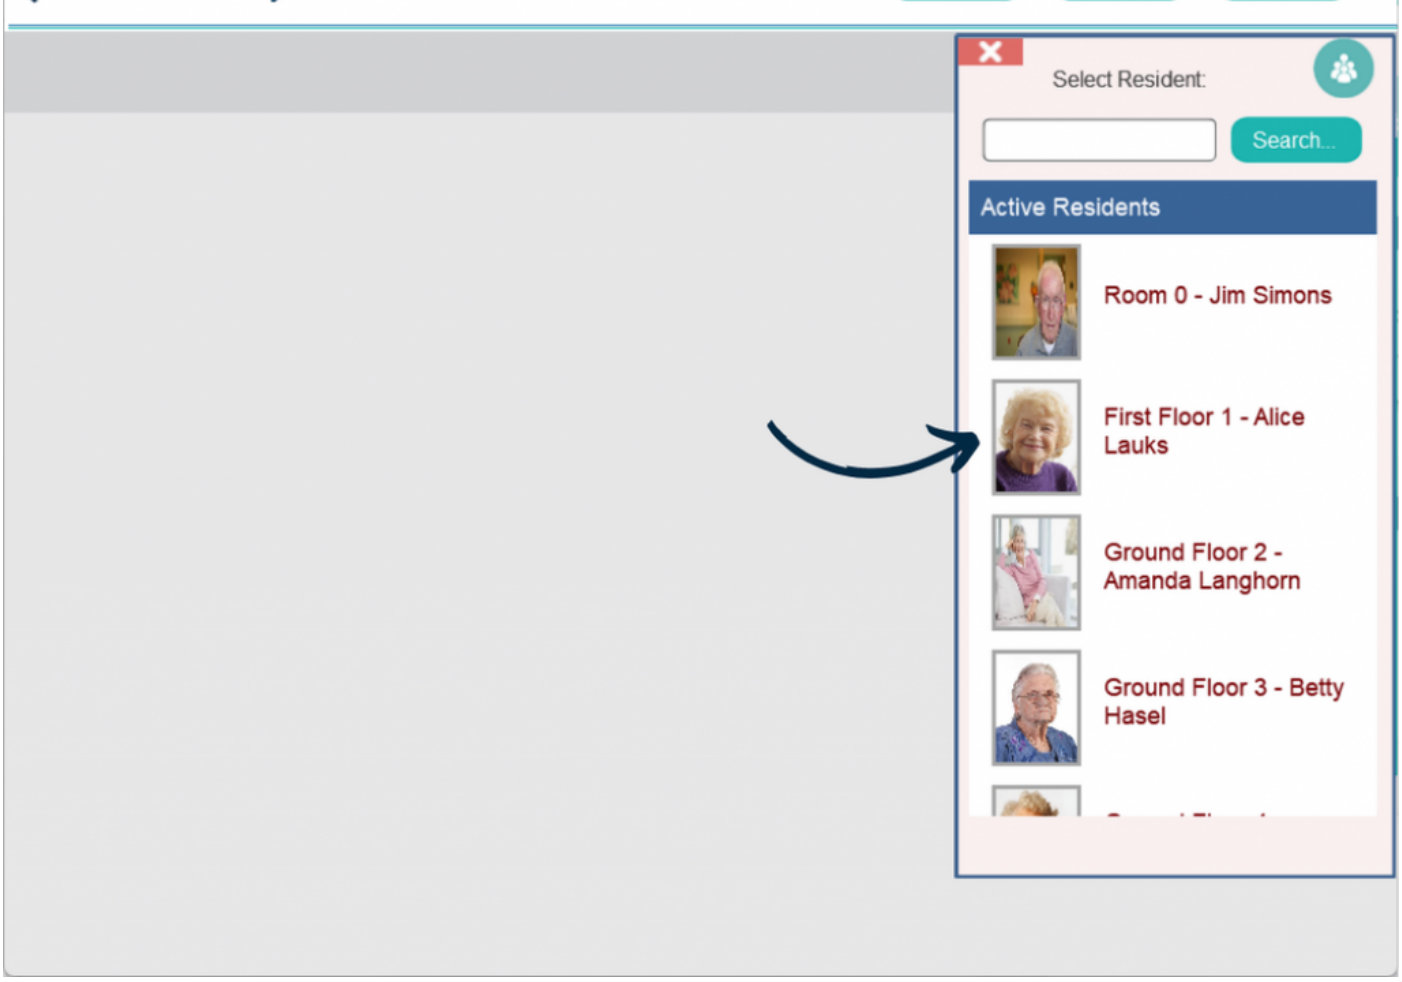

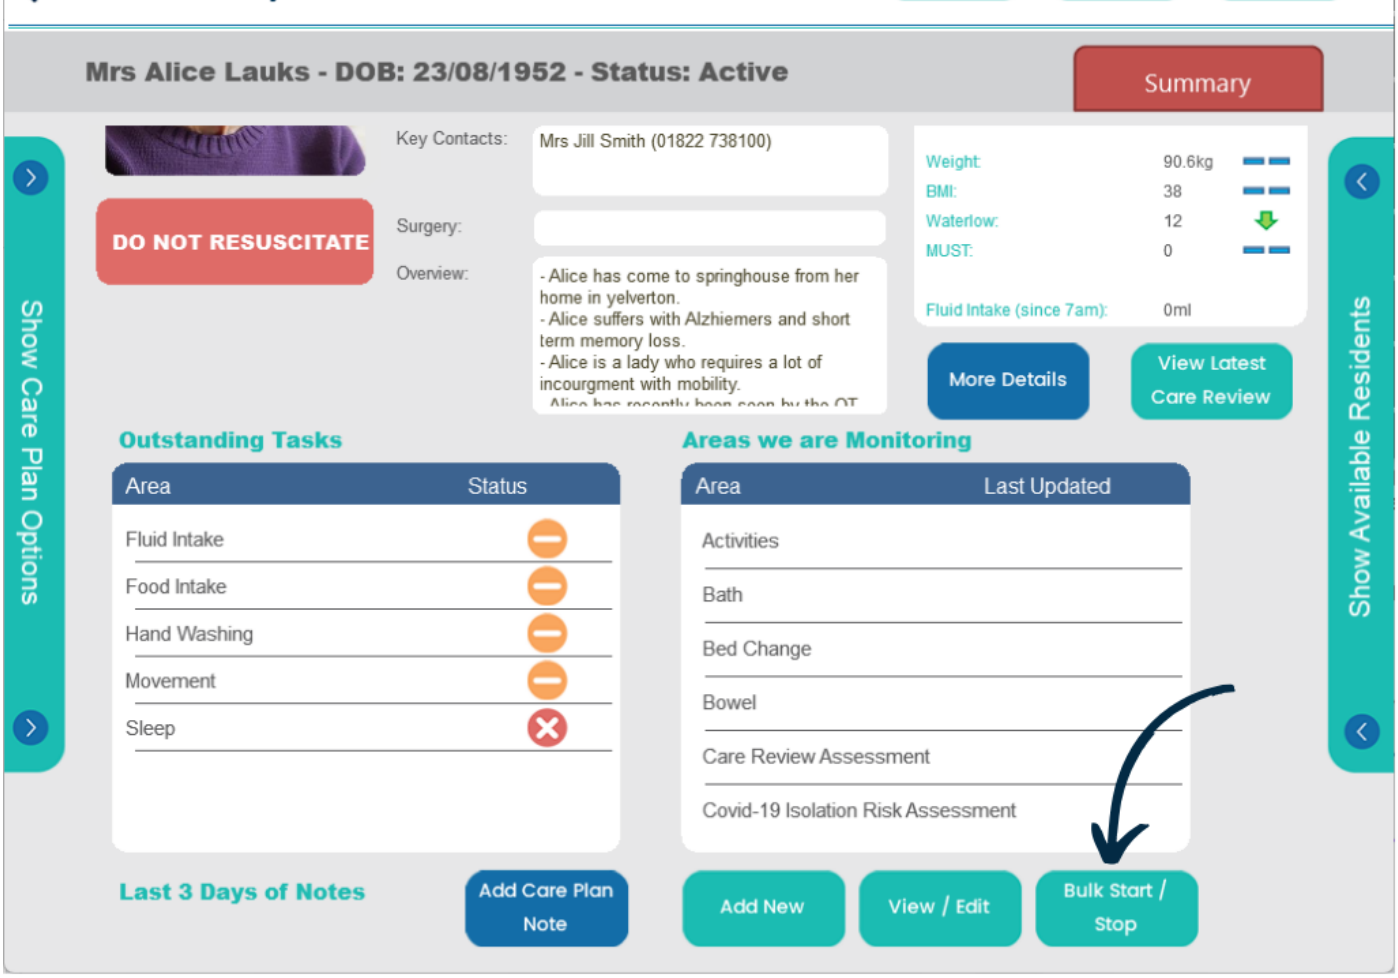

1

After signing into Care Control Mobile, select the **View Resident Care Plans** tool.

2

Then, select the **Service User** you wish to make changes for from the menu on the right hand side of the screen.

Select Resident:
Search...
Active Residents
Room 0 - Jim Simons
First Floor 1 - Alice Lauks
Ground Floor 2 - Amanda Langhorn
Ground Floor 3 - Betty Hasel

3

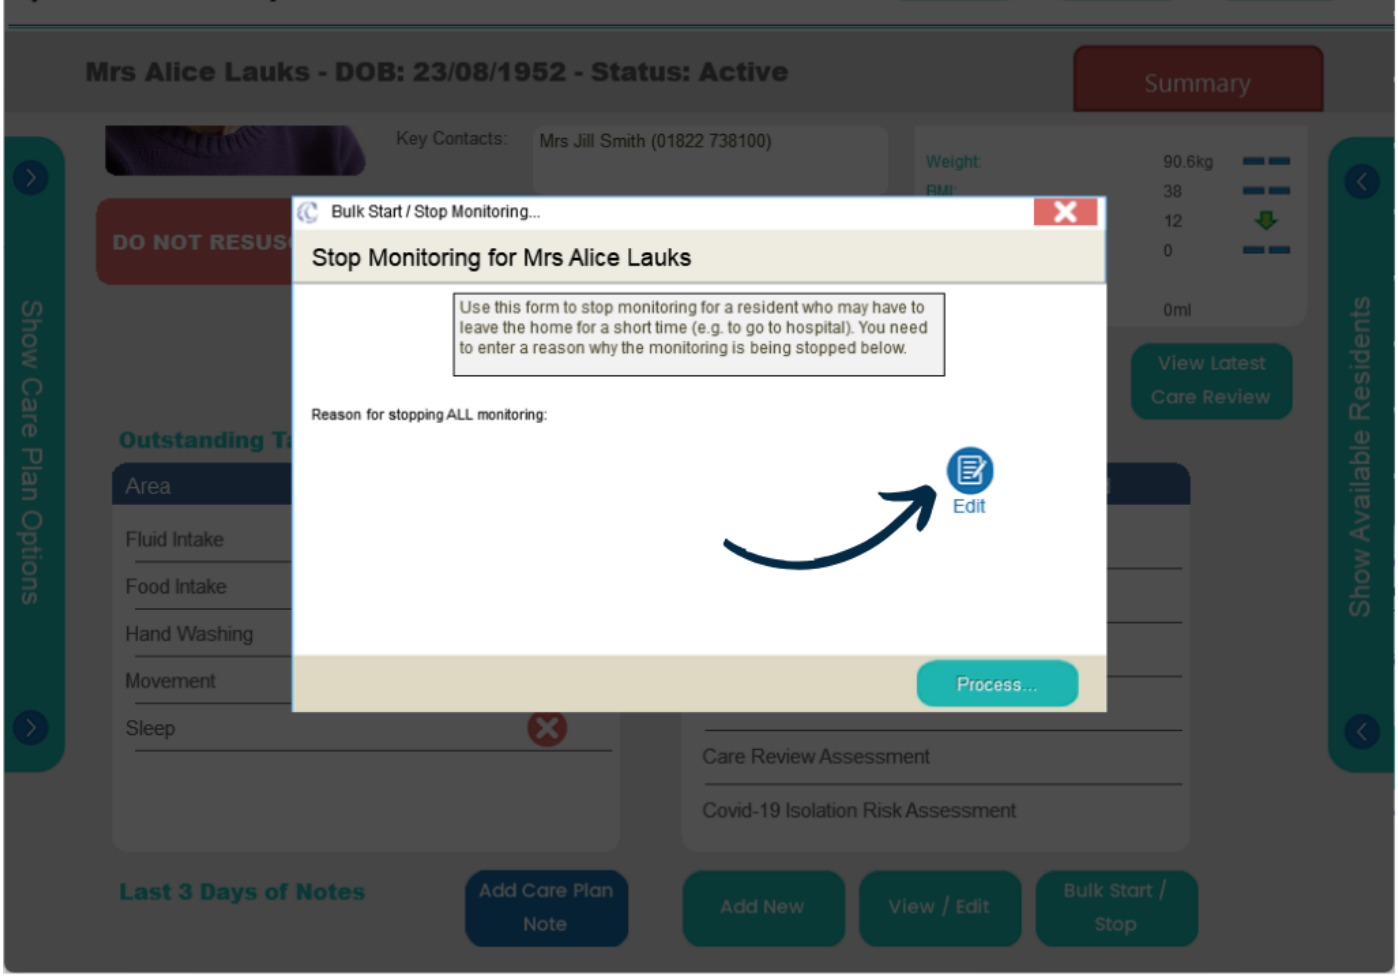

The chosen service users Care Plan will open. Scroll down to the '*Areas we are Monitoring*' section.

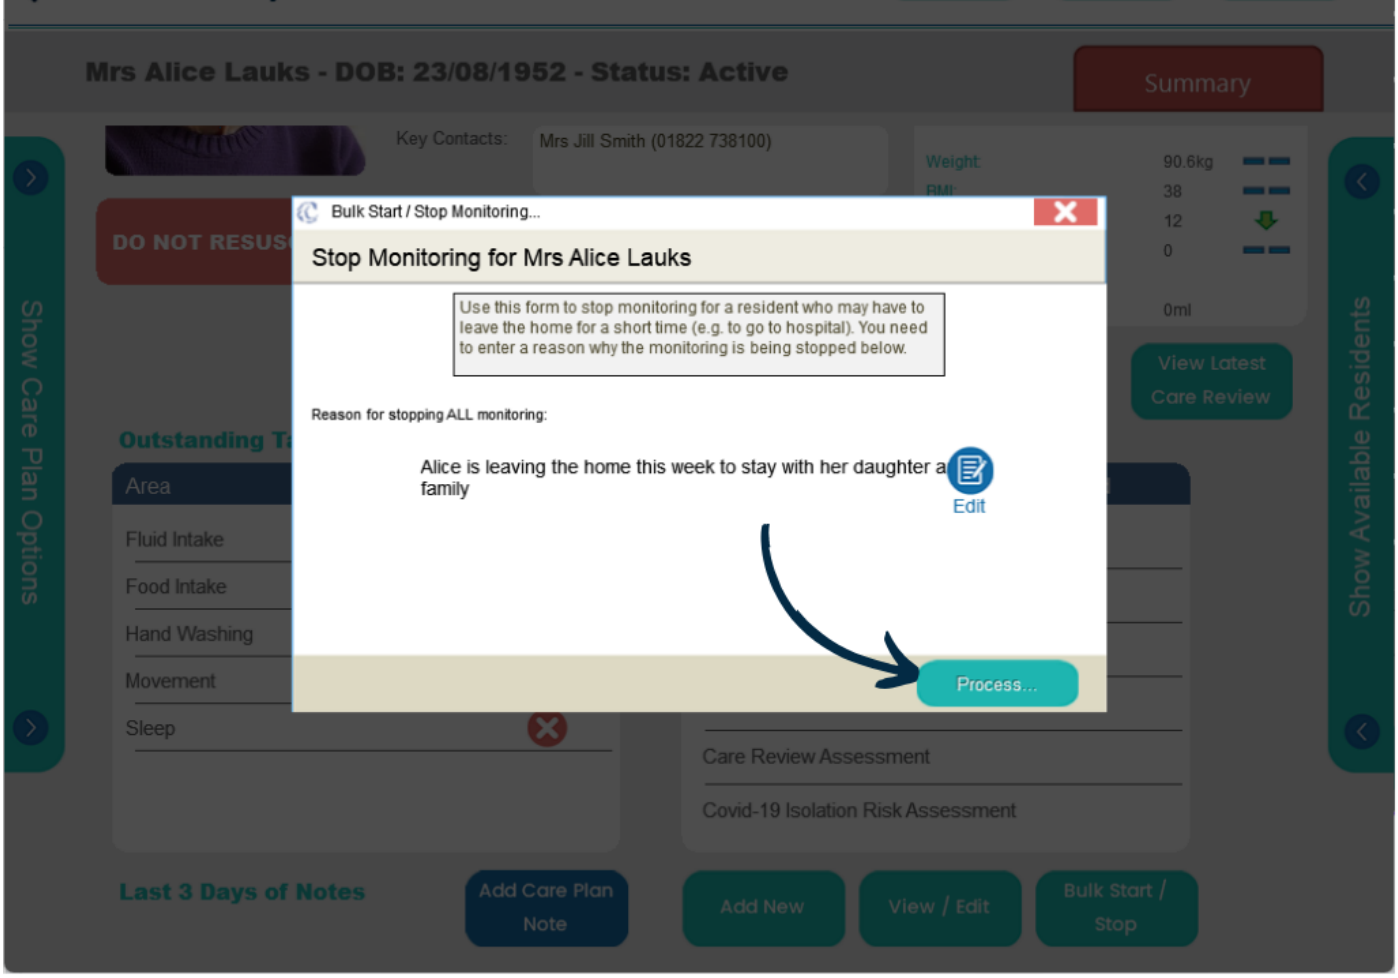

Here, a list of the monitoring areas assigned to this service user will be displayed. Press the **Bulk Start/Stop** button just below this list.

4

A new window will open.

You will need to enter a reason for this change – press the **Edit** button.

Mrs Alice Lauks - DOB: 23/08/1952 - Status: Active
