# Care Review Domains (Add, Remove, Edit)

Care Reviews Windows · https://cclearninghub.co.uk/docs/care-review-domains-add-remove-edit/

## Care Review Domains (Add, Remove, Edit)

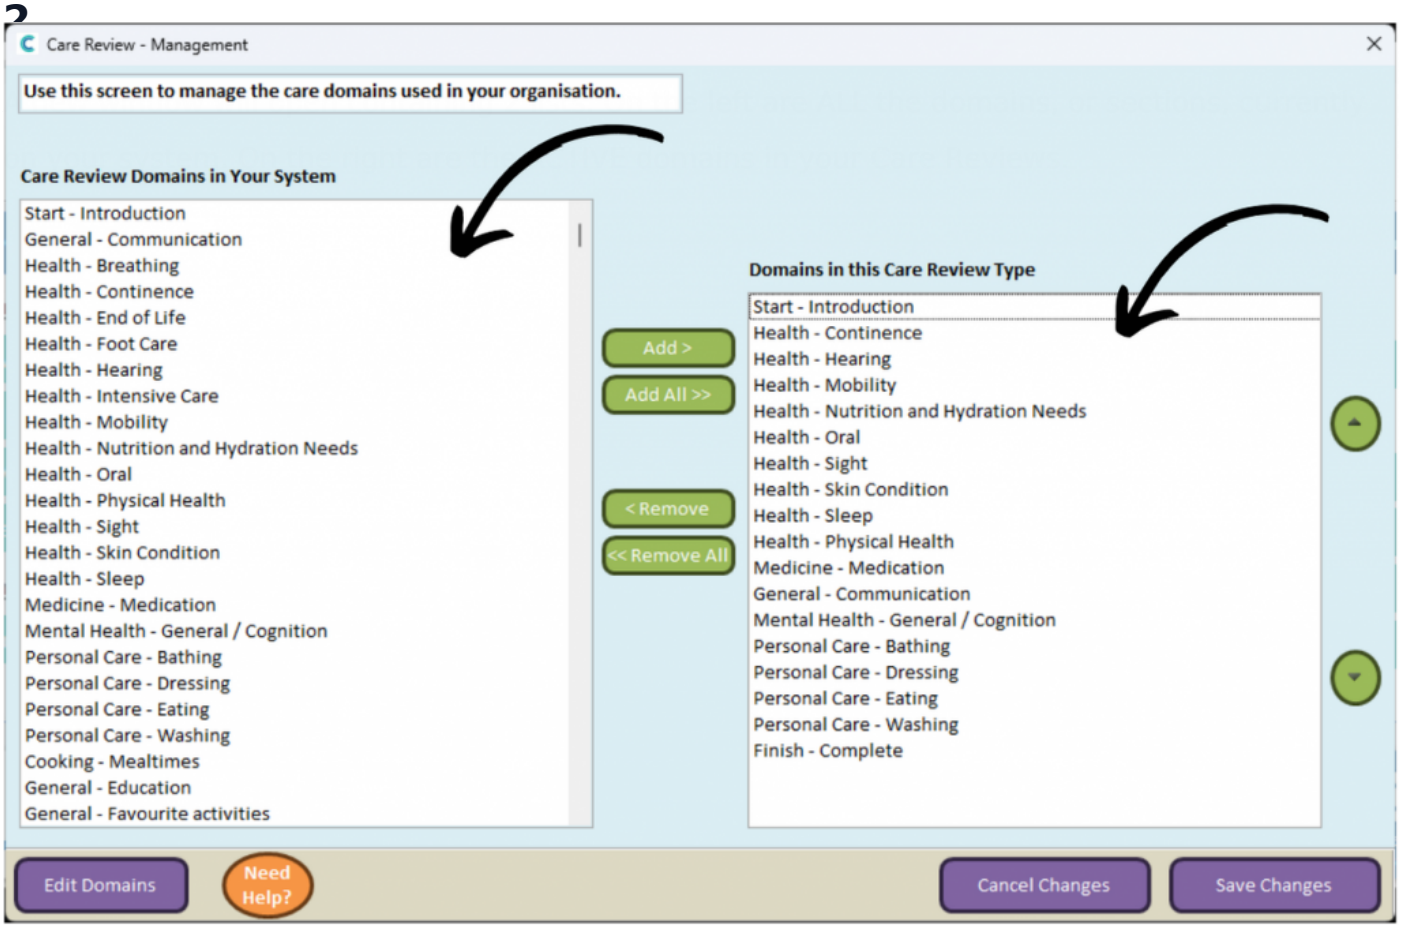

This guide will cover how to access the Care Review Domains tool on Care Control Windows. These

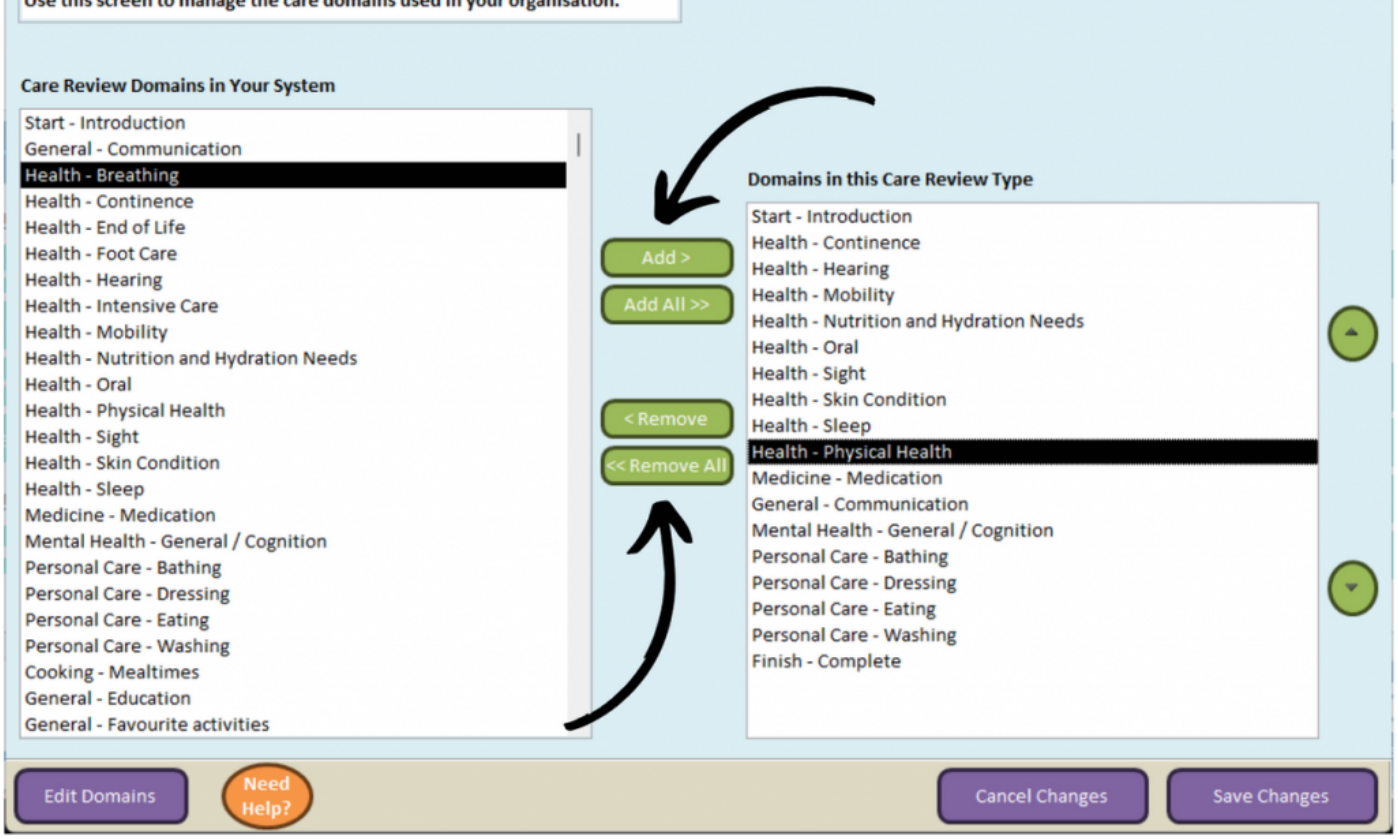

## 1

In the Administration of Care Control Windows, navigate to the **Care Review Domains** tool, which can be found under the Care Planning tab.

## 2

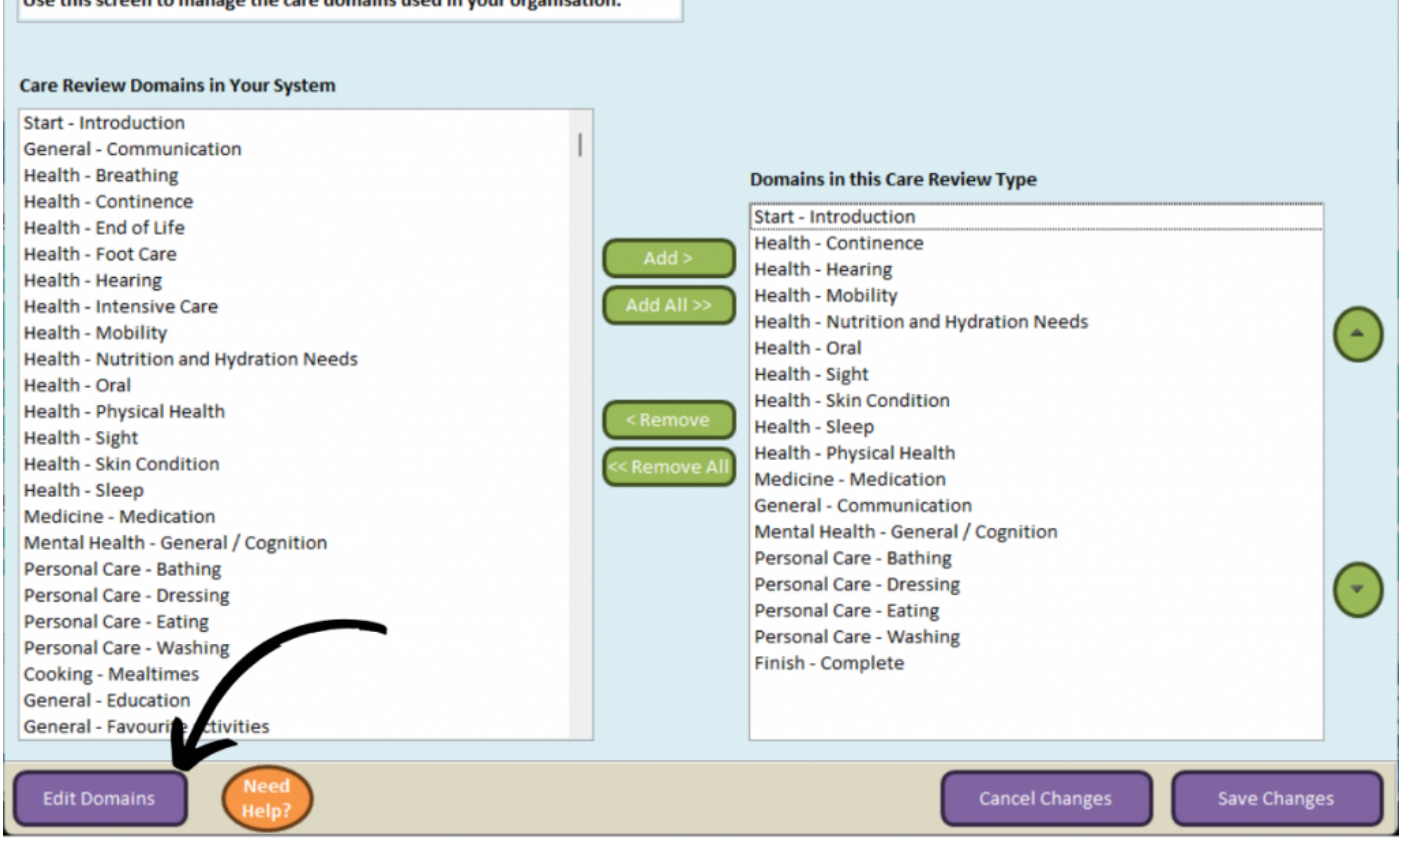

## 3

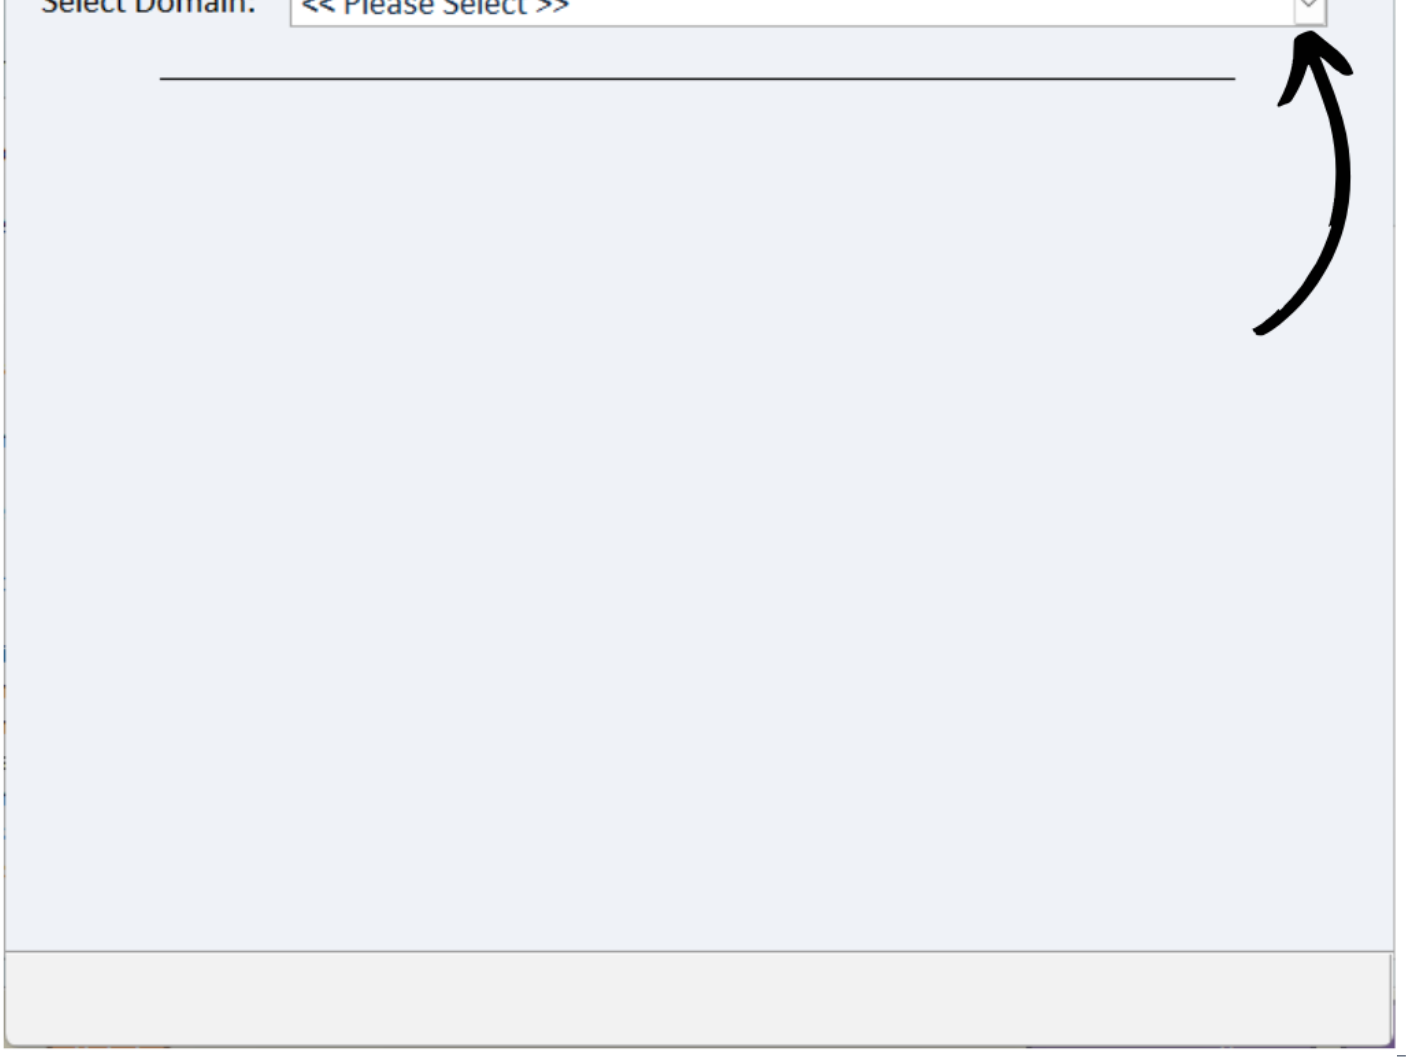

You can select items from the left and press **Add** to move them to the right.

In the same way, you can select items from the right and press **Remove** to move them to the left.

## 4

To amend the domains, press **Edit Domains** in the bottom left corner.

Use this screen to manage the care domains used in your organisation.

Health - Epilepsy
Health - Foot Care
Health - Hearing

## 7

A blank form will load. Simply enter **Category** and **Detail** titles for the area, then, enter any **Guidance** notes for the staff members to read when completing this in a Care Review.

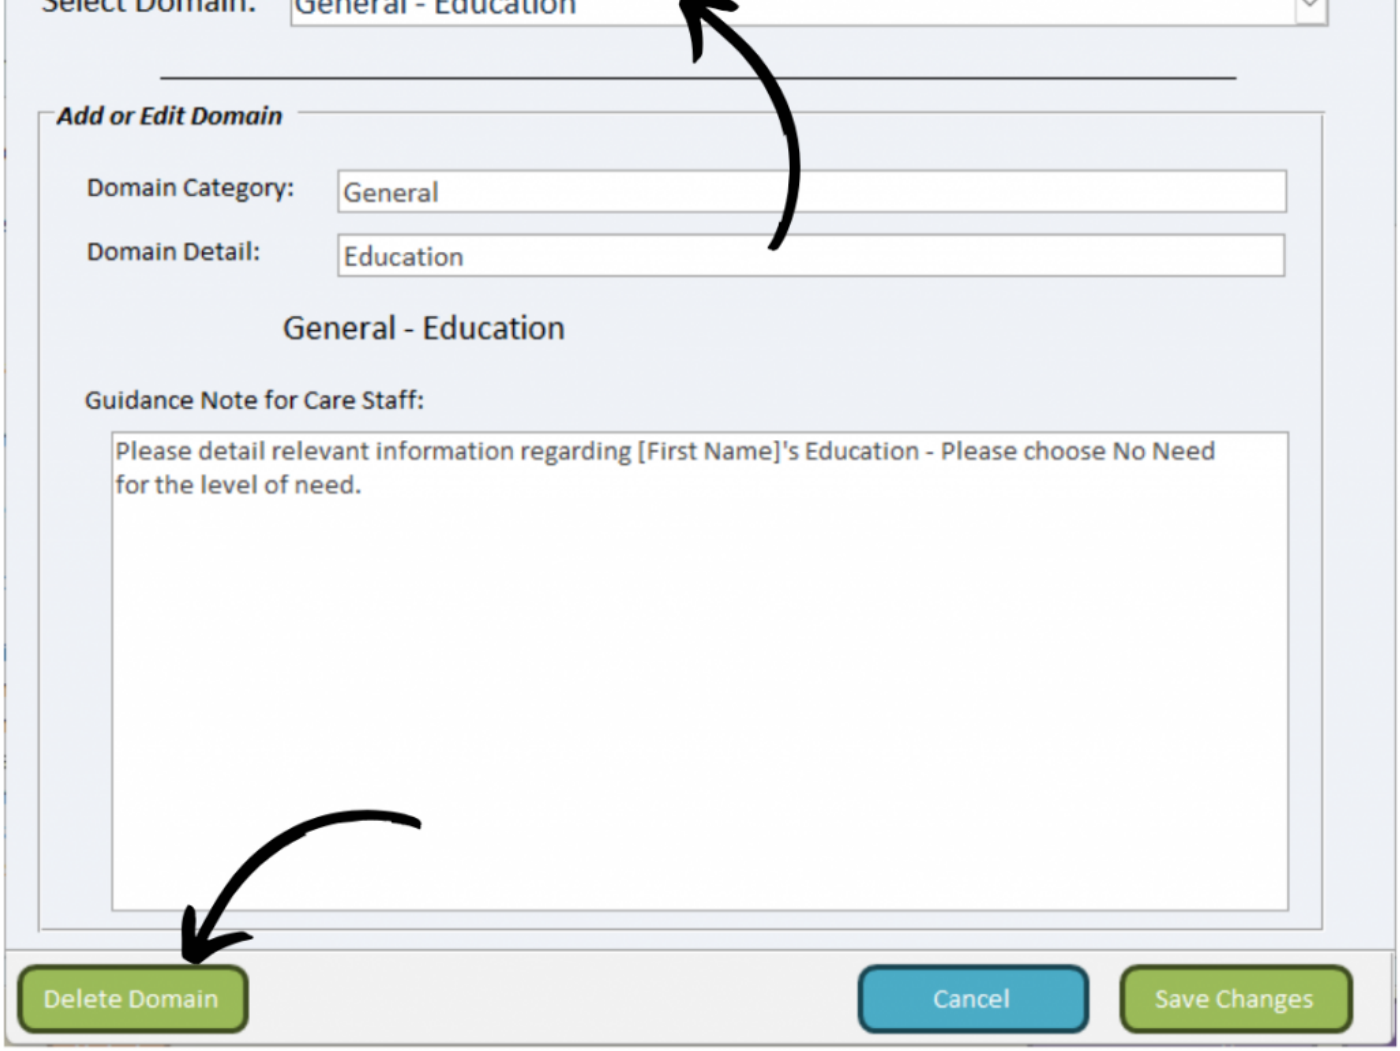

Make sure to press **Save Changes**.

## 8

You can also select **existing domains** from the drop-down list at the top of the window.

The content for the section will load. You can then edit the titles and guidance note as required.

After making any edits, press **Save Changes**. If you want to completely remove the domain from your system, press **Delete Domain**.
