Fundraising on Cloud

This guide will cover how to access and record fundraising events on Care Control Cloud. This tool can track the income generated from such events.

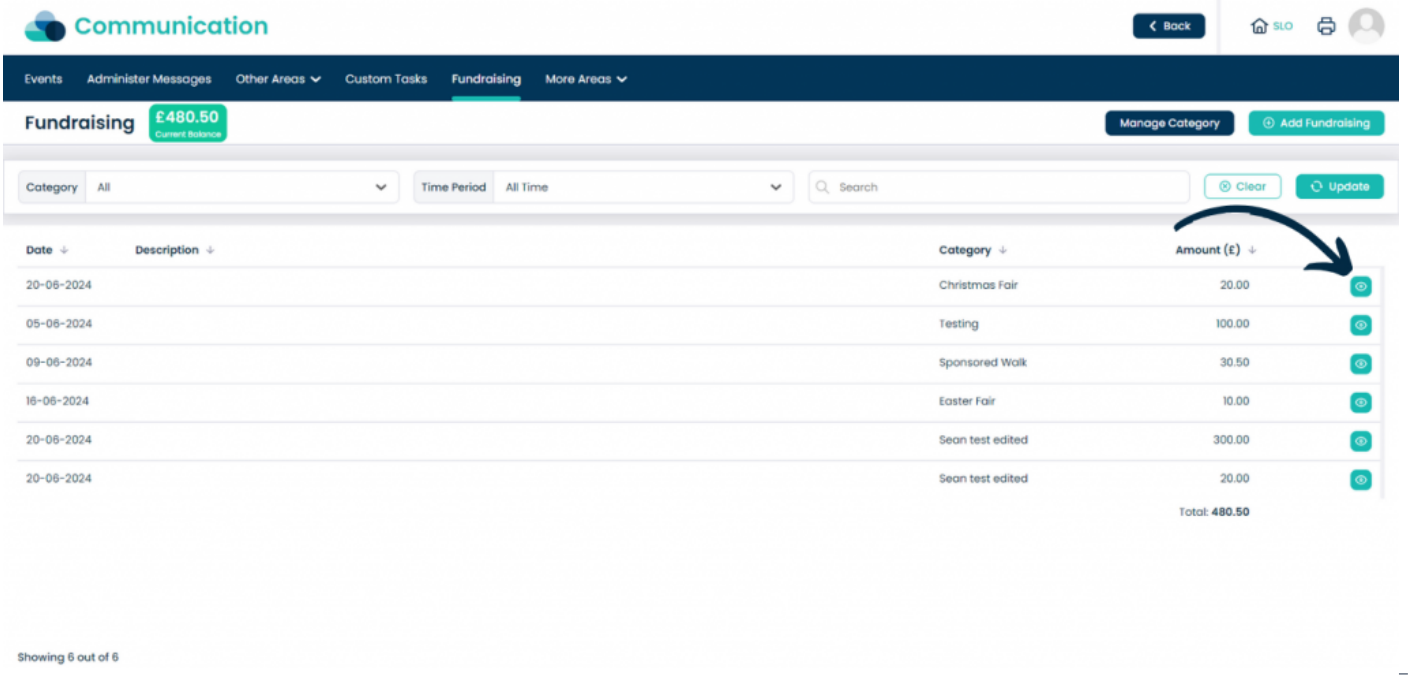

1

From within the Admin application on Care Control Cloud, navigate to the **Communication** area.

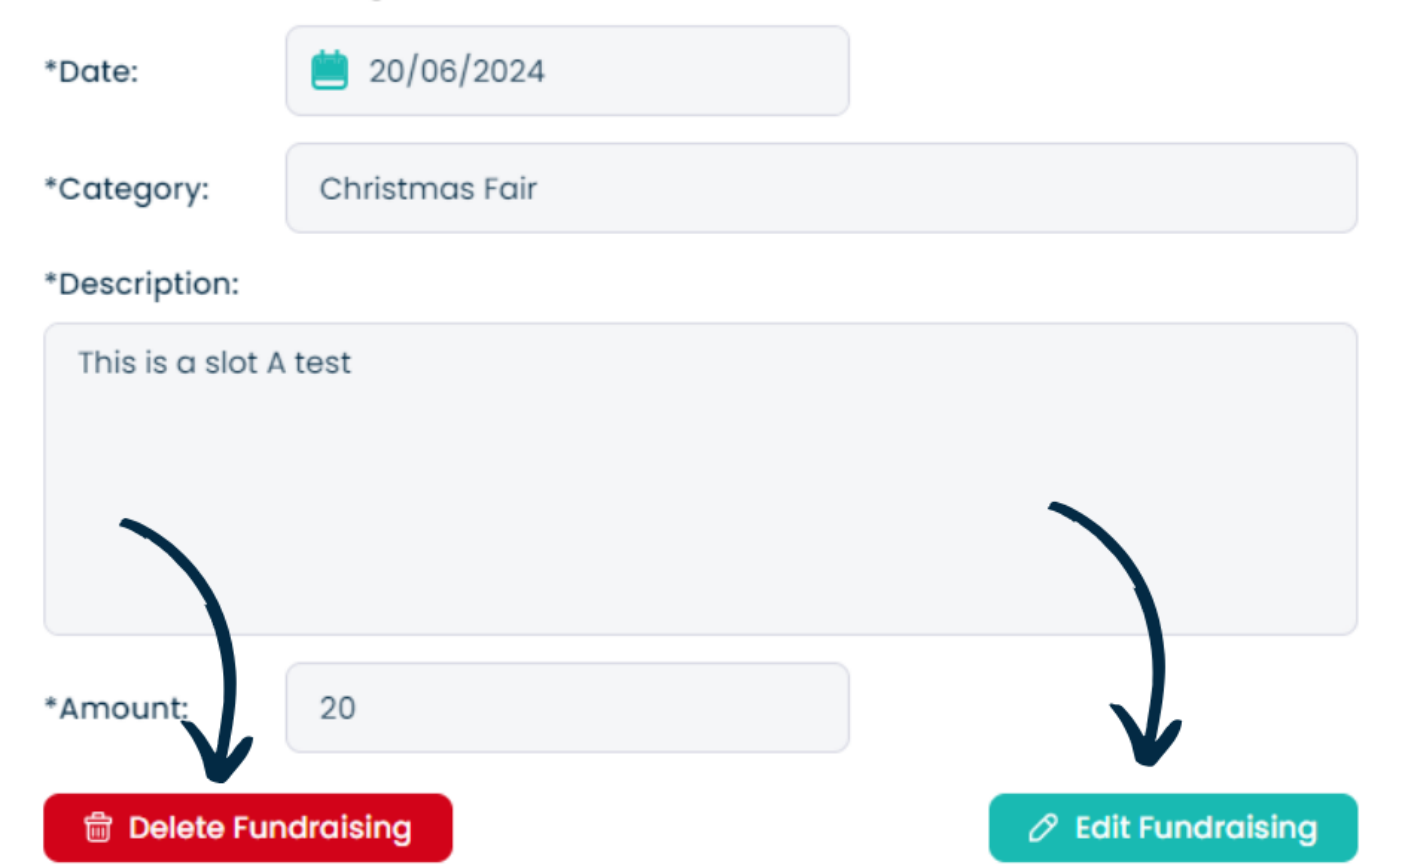

3

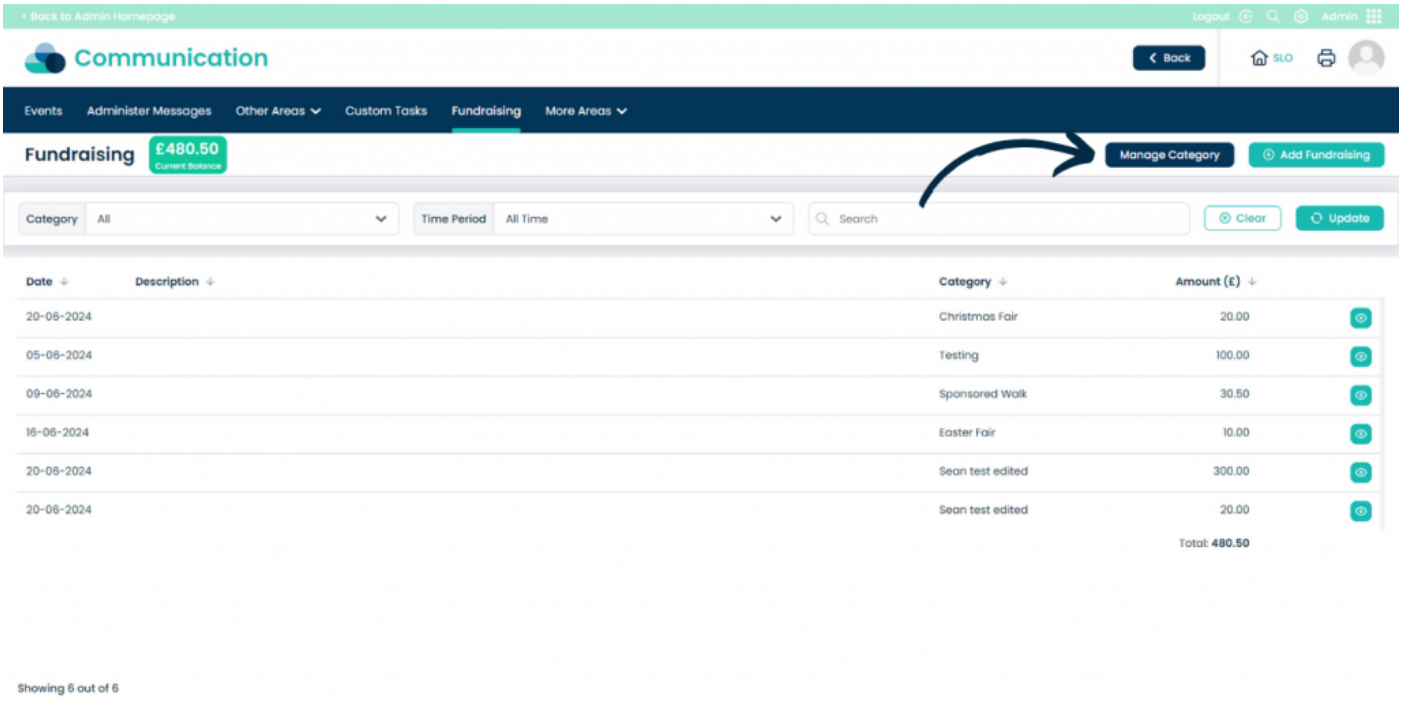

Your fundraising dashboard will open. The current balance will be displayed in the top left corner, with a list of recent events shown below.

You can view the details of an existing event via the **eye icon** on the right hand side.

4

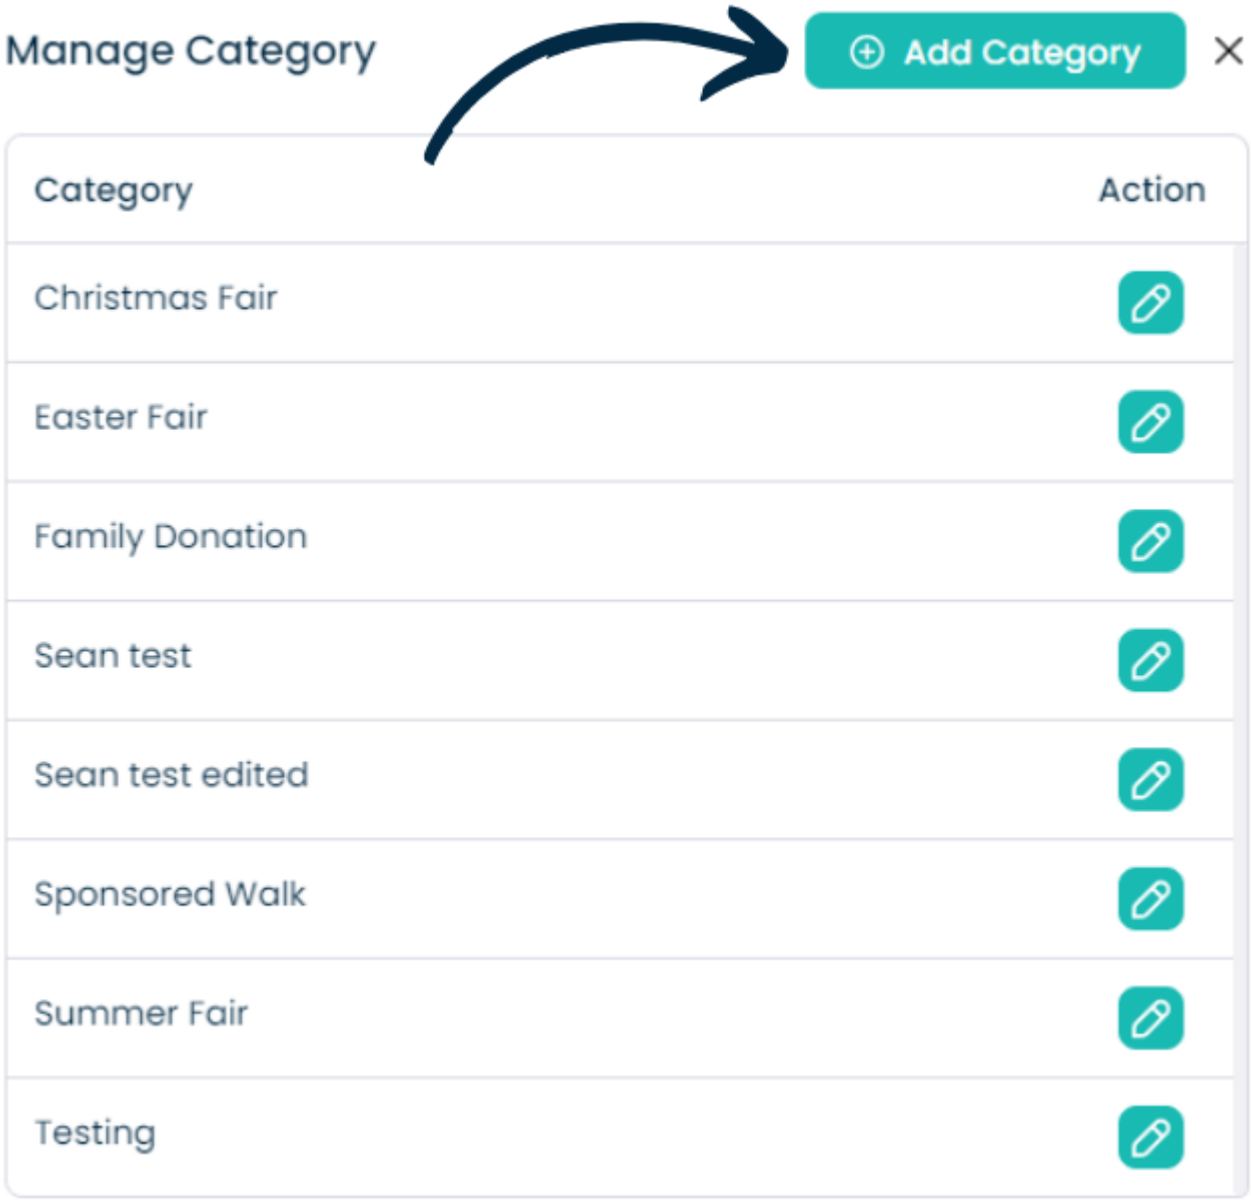

The details of the chosen event will be displayed. You can **delete** and **edit** the entry from here.

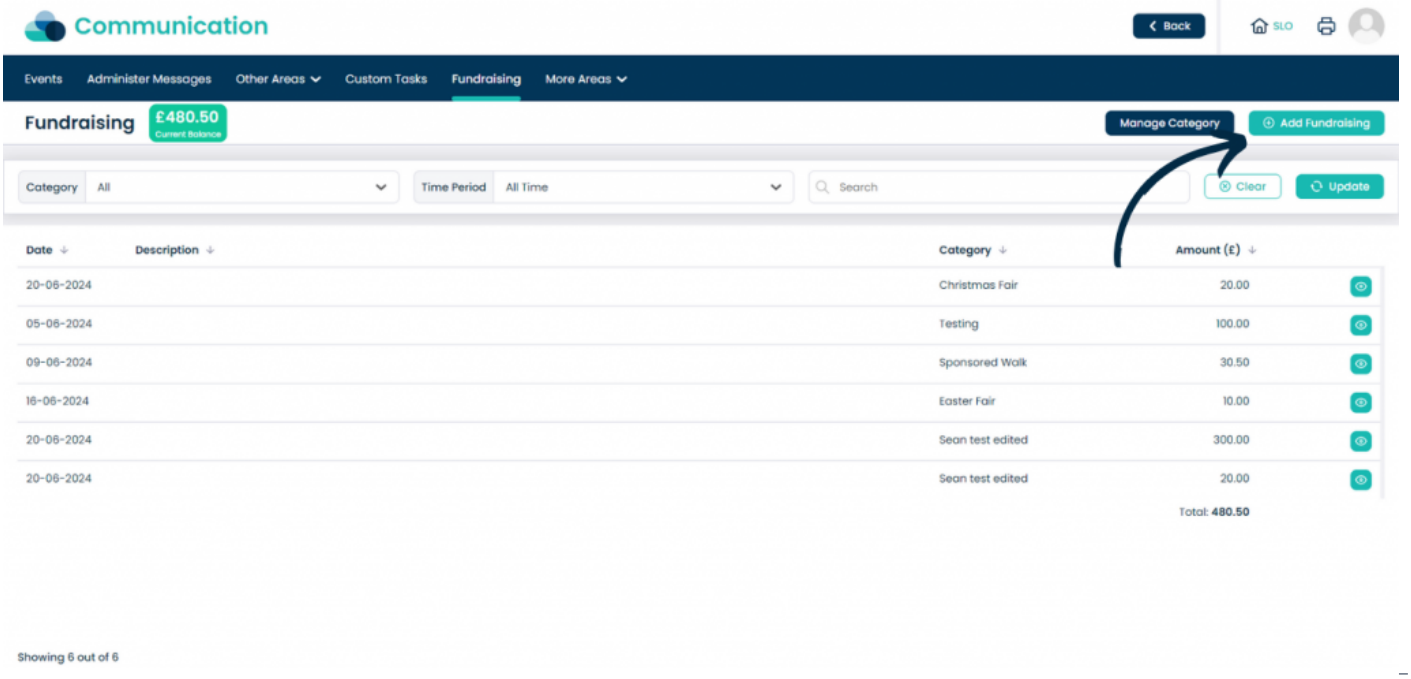

5

You can customise the fundraising categories via the **Manage Category** button.

7

Finally, you can record a fundraising event by pressing **Add Fundraising**.

8

Choose the date and event of the category, then, enter a description for the entry.

Finally, enter the amount raised and press **Save**. The record will appear on the dashboard and the balance will adjust accordingly.
