Get Started with CC Screens Controller

This guide will cover how to use the Screens Controller application. This application is used to control CC Screens devices and what is displayed on each TV.

1

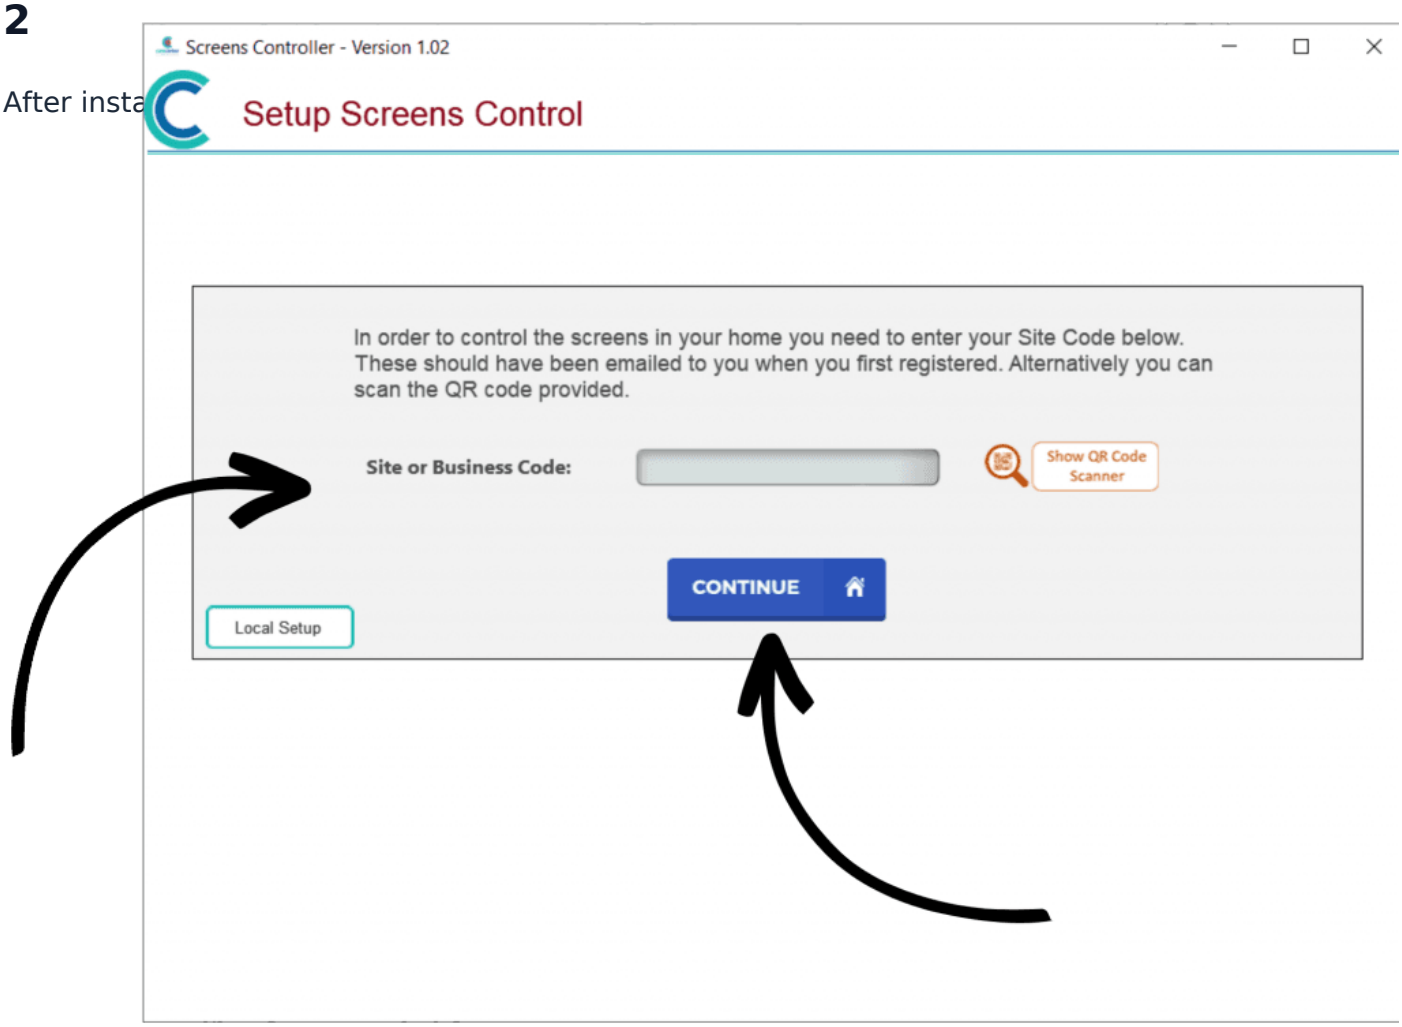

After setting up the Android Box and TV, download the **Care Control Screens Controller** on a tablet device or laptop/computer.

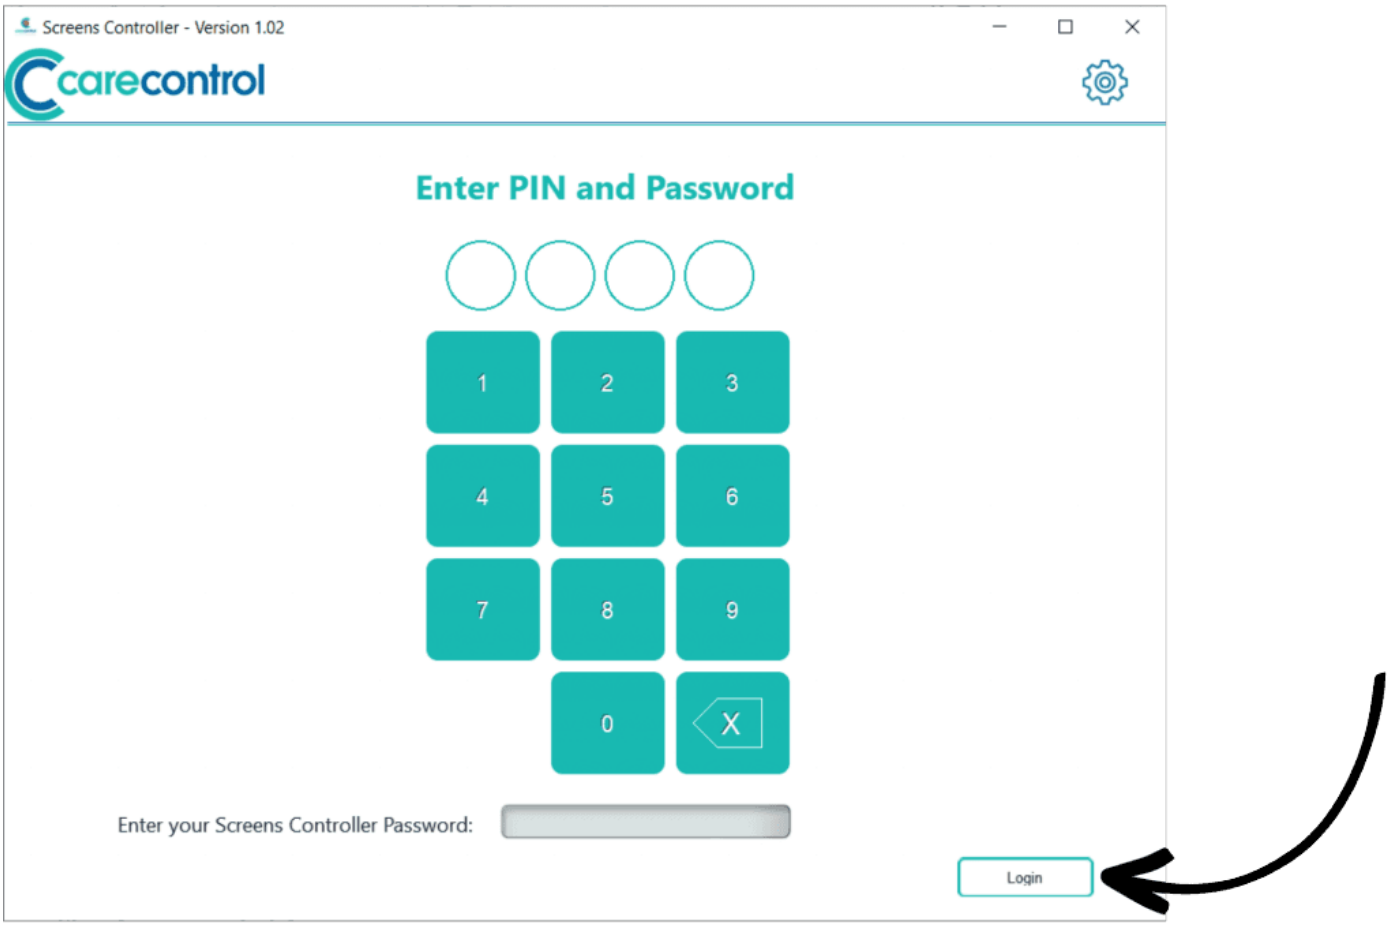

For Apple and Android devices, search for the app in the AppStore or PlayStore respectively. If you wish to download the app on a laptop/computer, please see the link below:

https://secure.carecontrolsystems.co.uk/downloads/ccscreenscontrol.exe

2

After insta

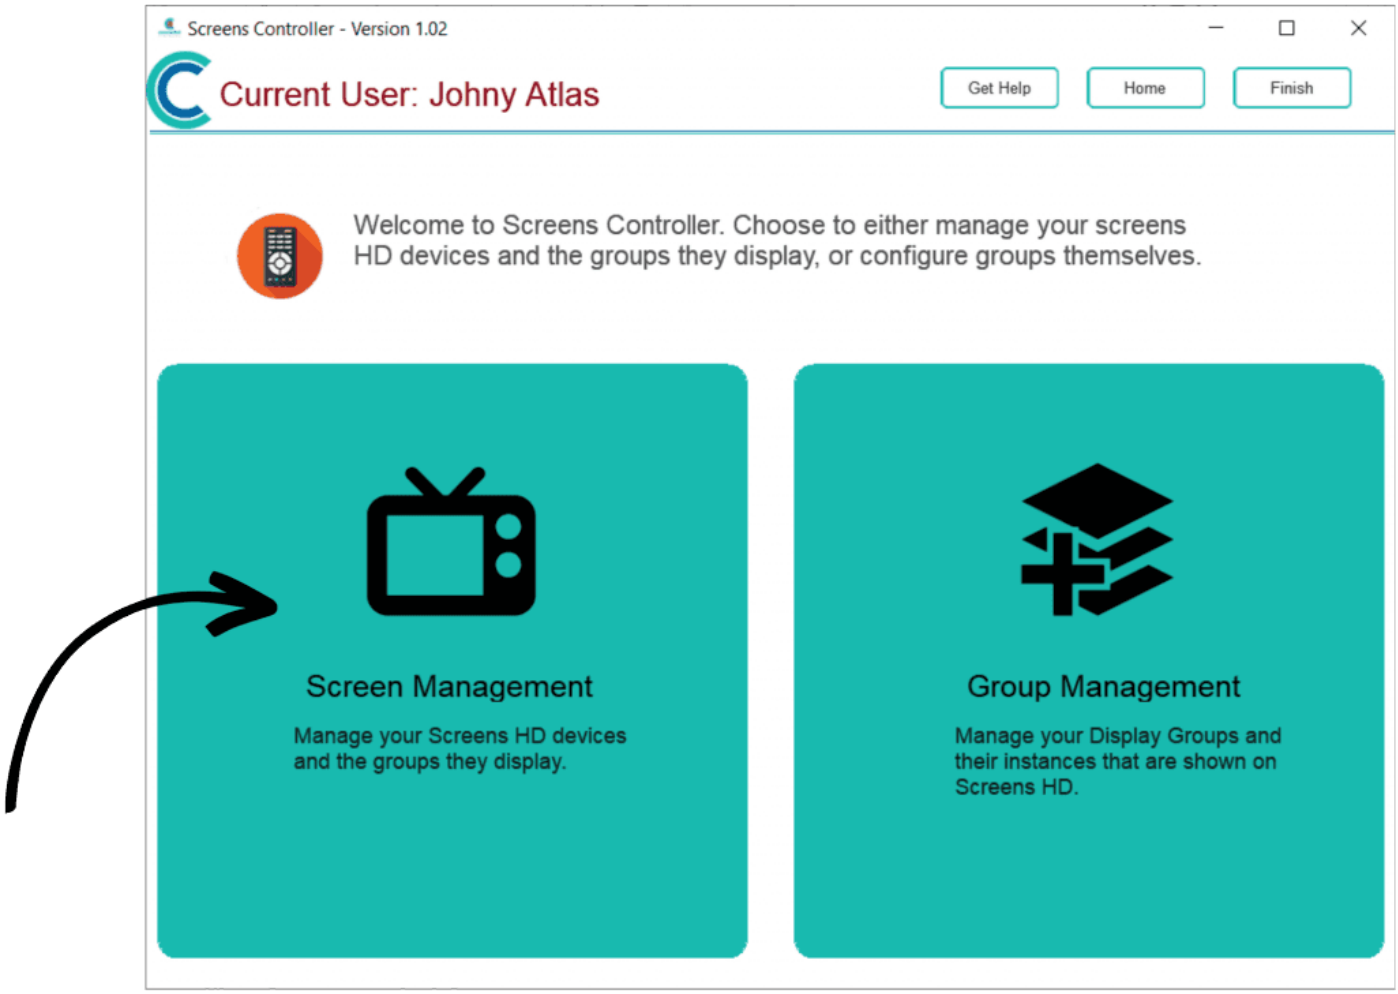

3

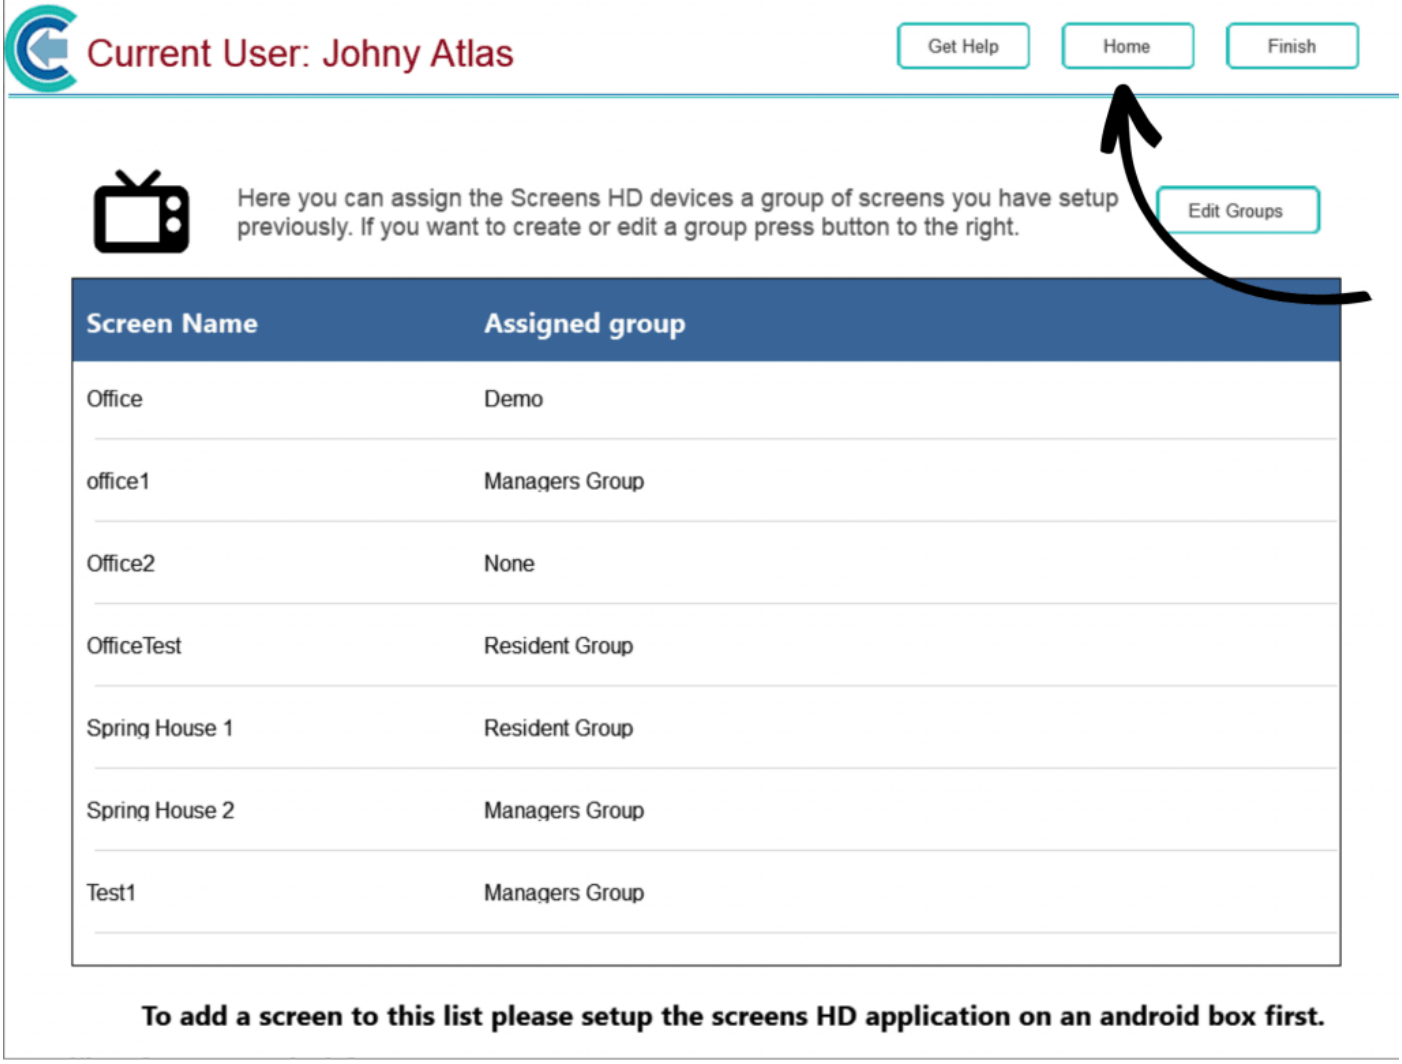

Next, enter your **PIN** and Screens Controller **Password**. Then, press **Login**.

4

This is the application’s Home Screen. Here you can select Screen or Group Management.

Select **Screen Management**.

Screens Controller - Version 1.02
