# How to Use Voice-To-Text in Pocket & Mobile

Care Control Mobile · https://cclearninghub.co.uk/docs/how-to-use-voice-to-text-in-pocket-mobile/

## How to Use Voice-To-Text in Pocket & Mobile

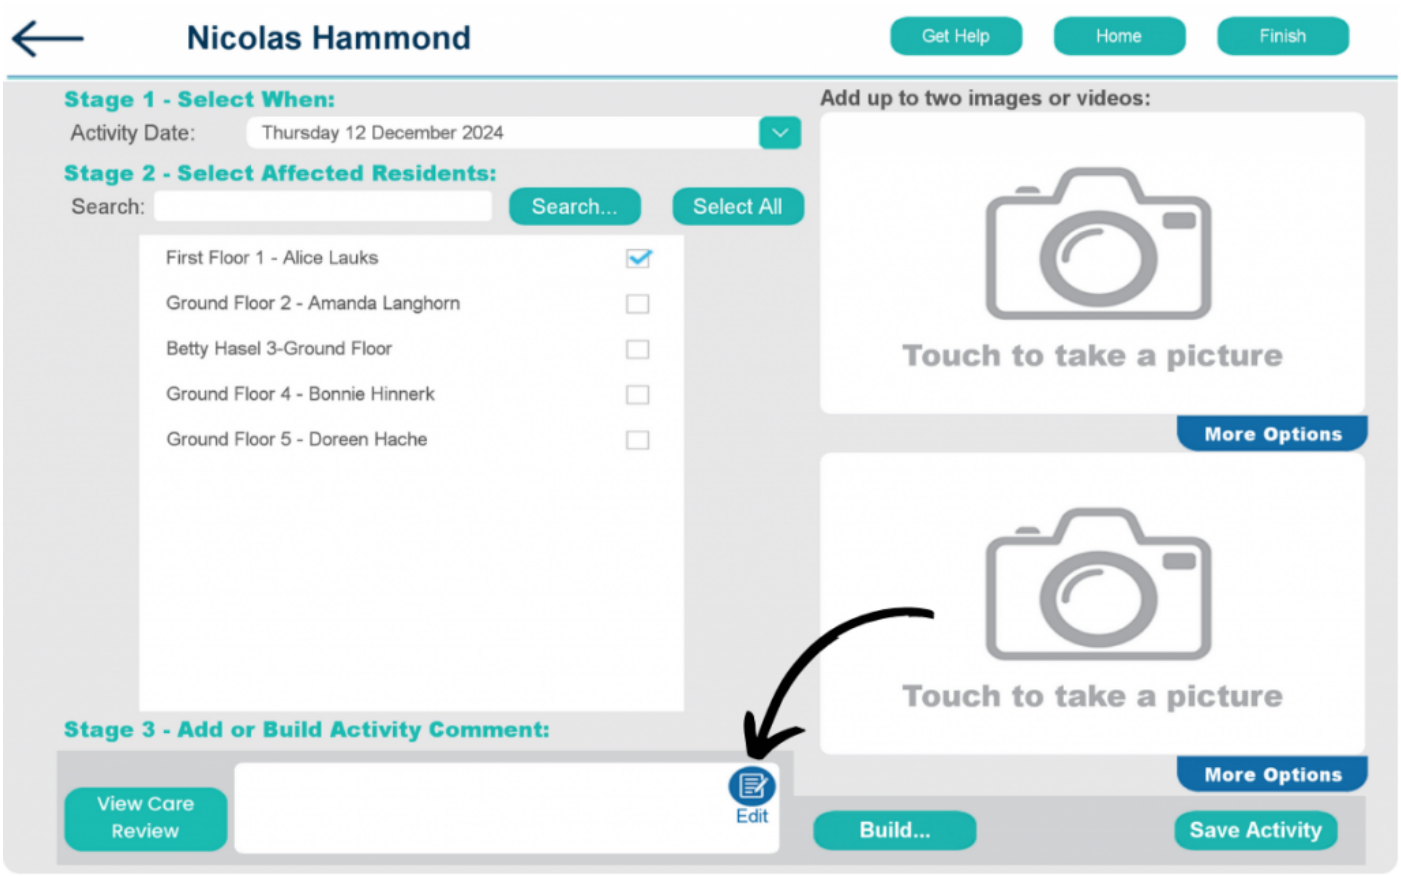

This guide will cover using voice-to-text in Pocket & Mobile on both Android and iOS devices.

## Android Tablet

## Step 1:

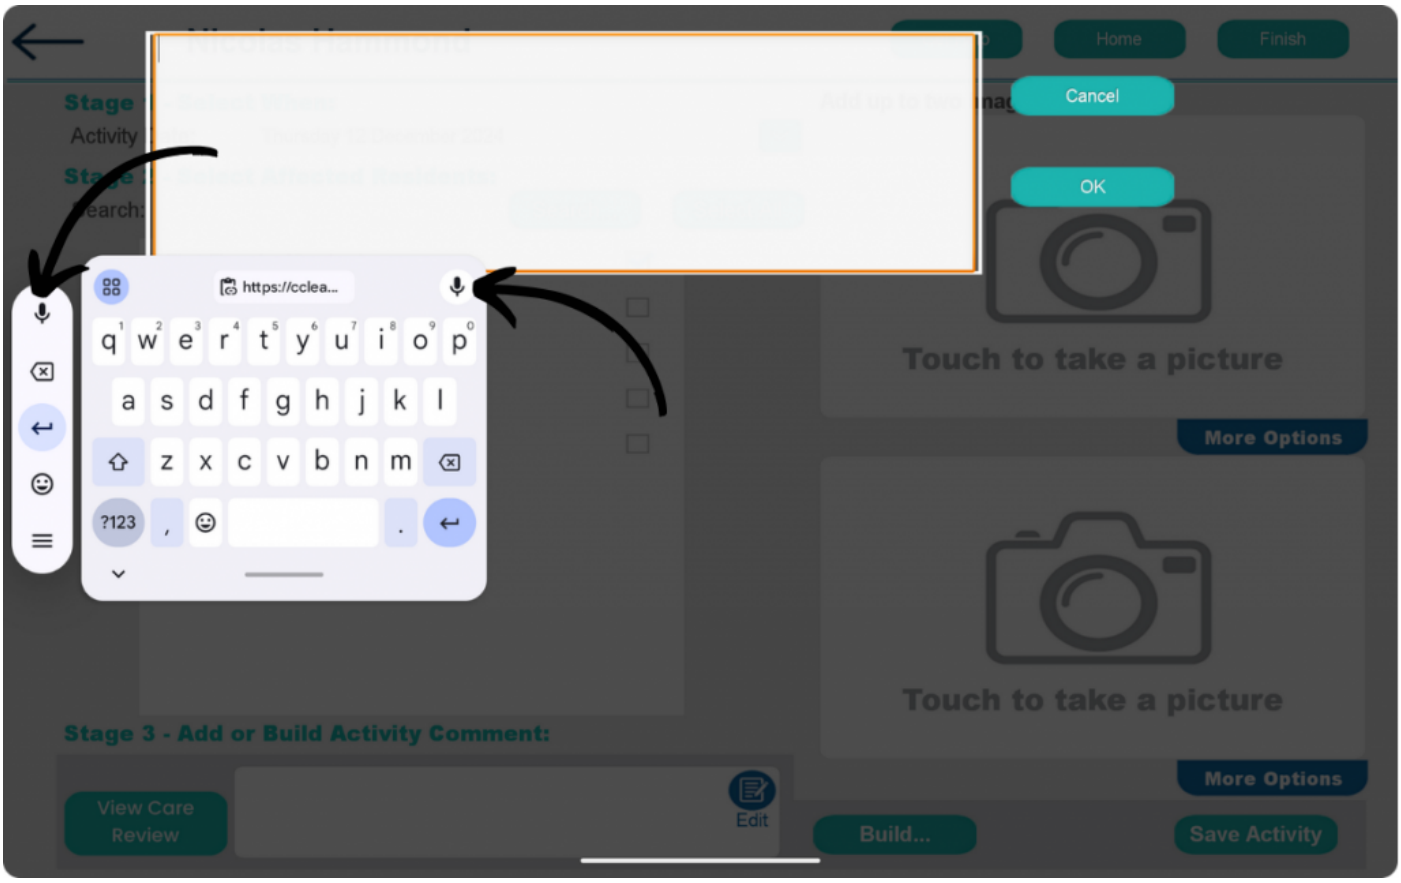

When on any section of the Care Plan where you can input text, click **Edit.**

## Step 2:

When on the text box, you can select the **Microphone icon** on either the toolbar or on the keyboard.

You can enable the voice-to-text feature by following this guide.

## Android Pocket

## Step 1:

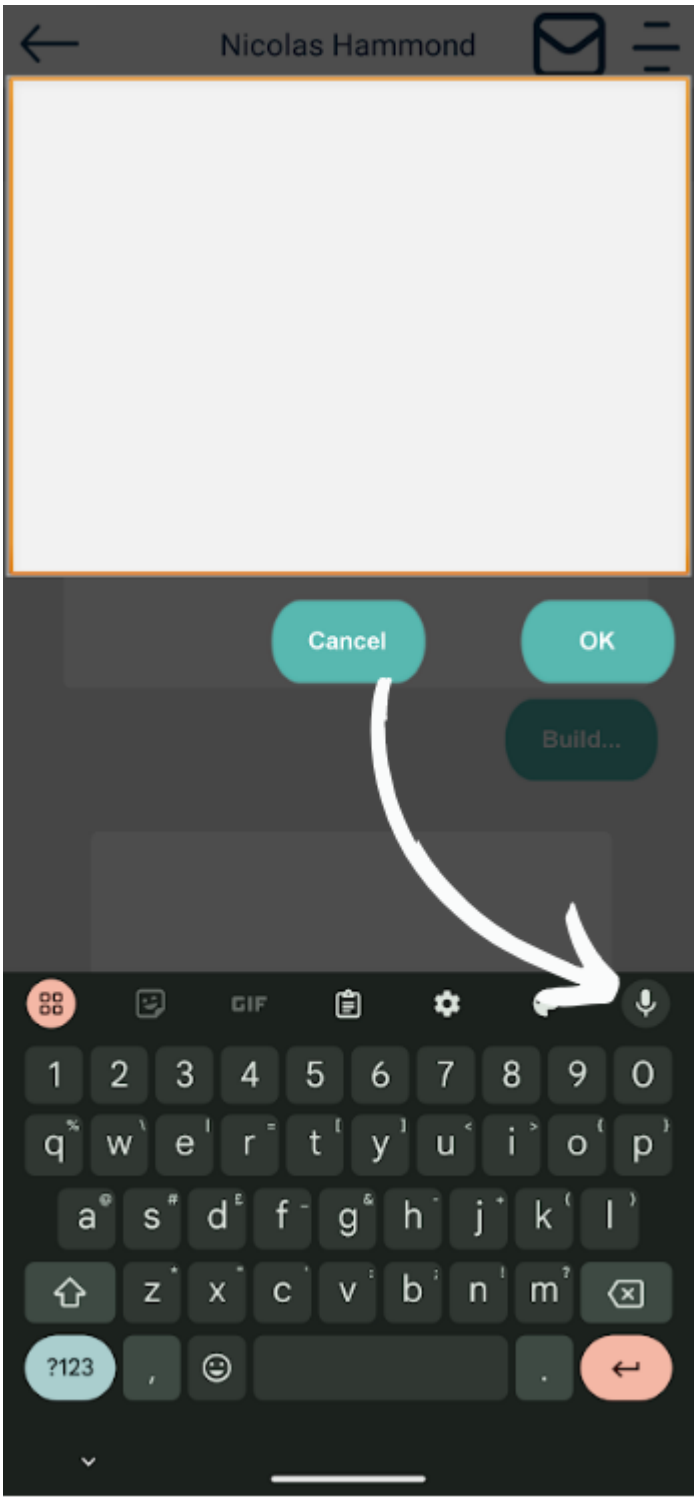

When on any section of the Care Plan where you can input text, click **Edit.**

## Step 2:

Now click the **Microphone icon** and start talking to enable voice-to-text.

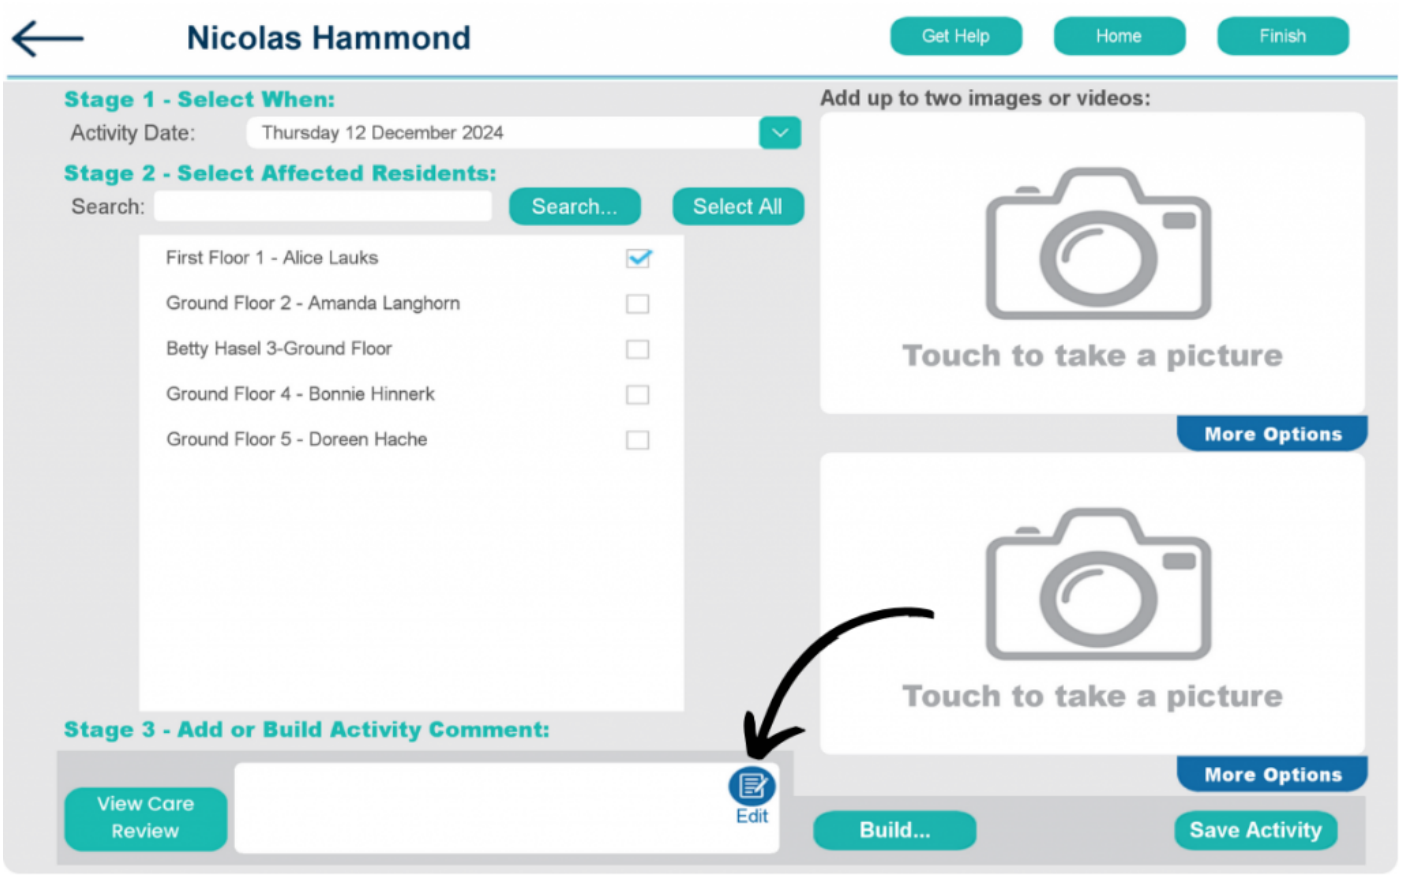

You can enable the voice-to-text feature by following this guide.

## iOS

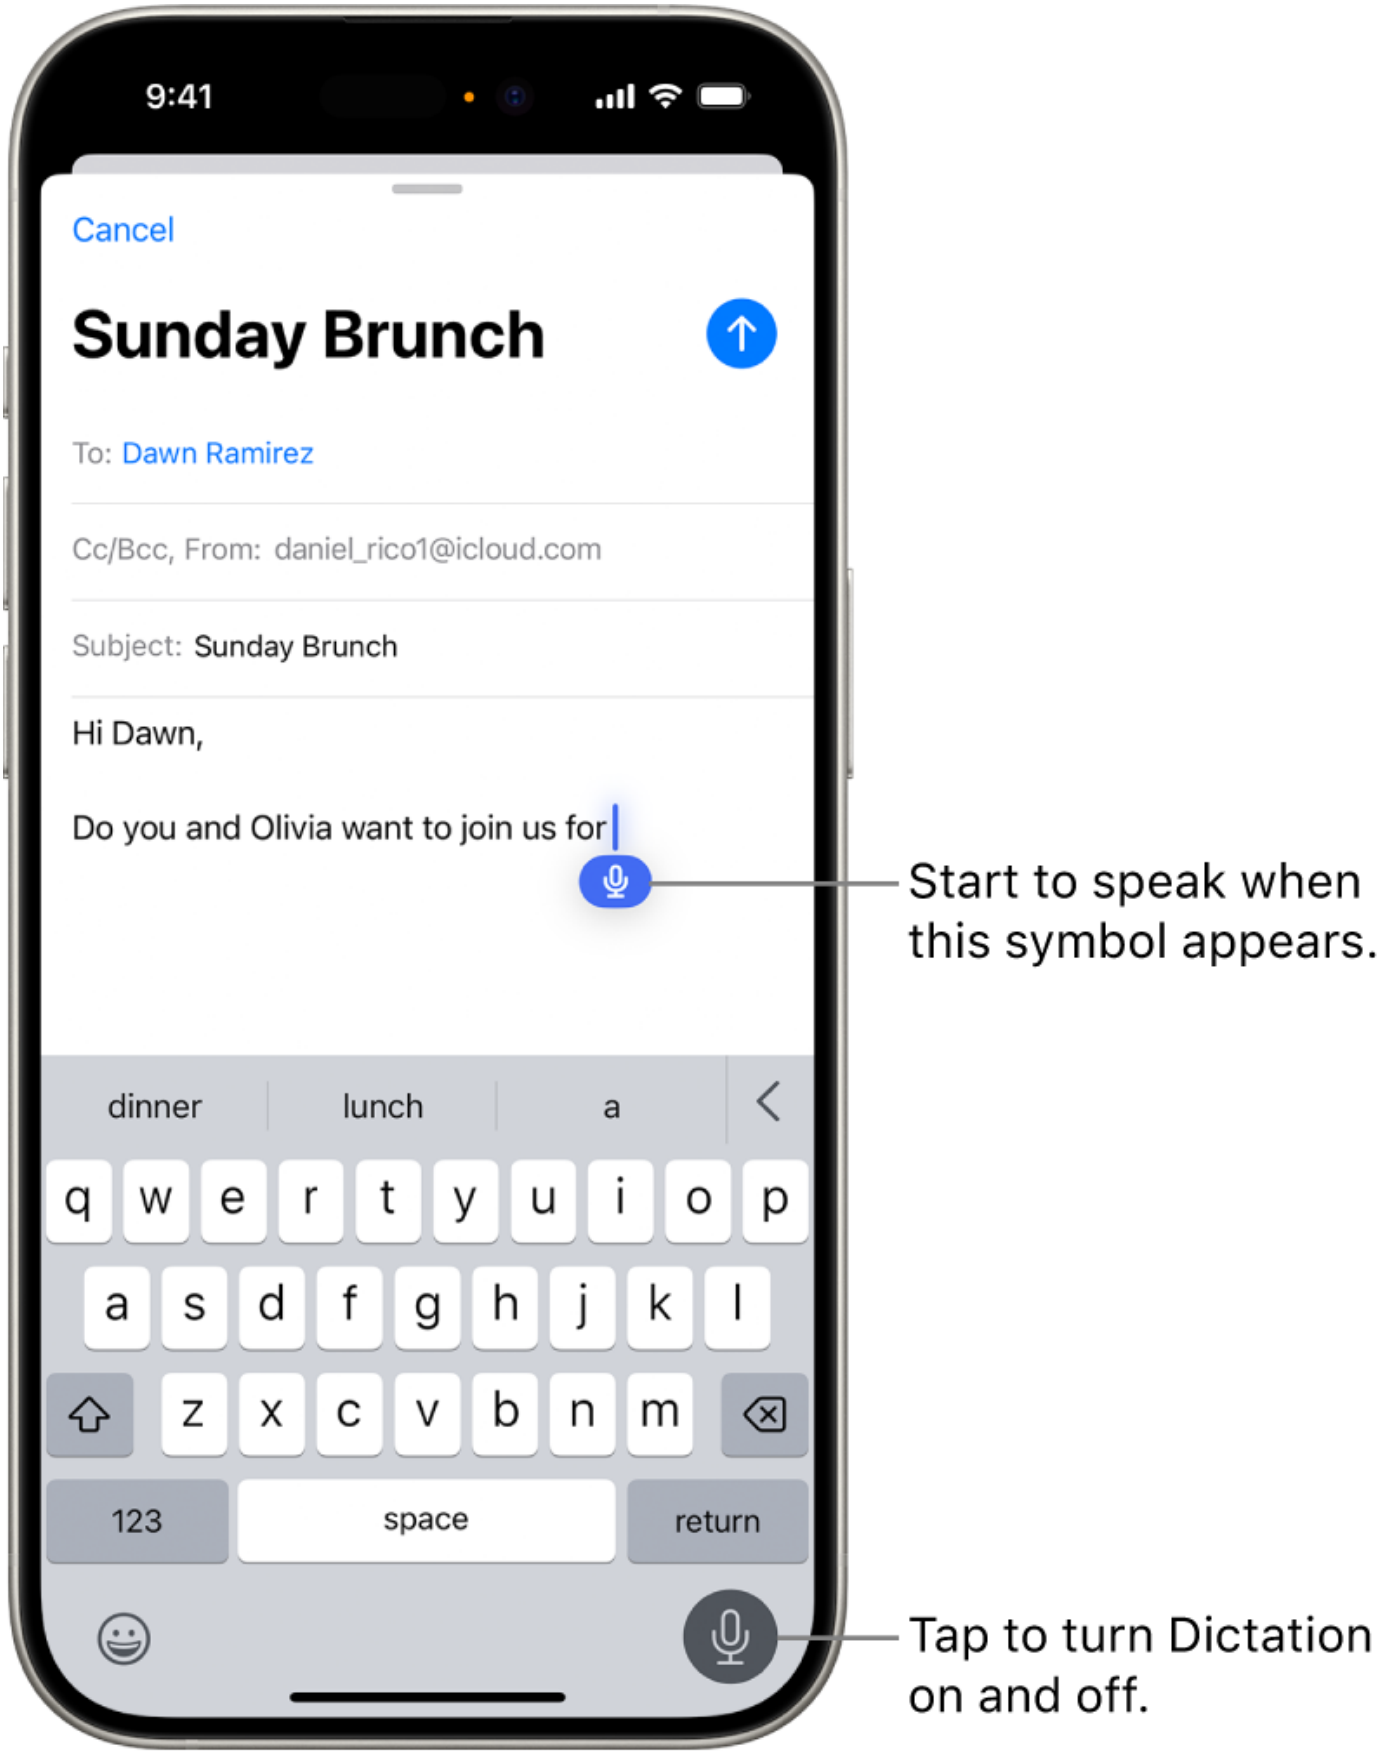

## Step 1:

When on any section of the Care Plan where you can input text, click **Edit.**

## Step 2:

You can speak when the **Dictate** symbol appears. Or select the **Dictation** icon on the keyboard.
