Photos & Videos on Mobile

This guide will cover how to add photos and videos to notes on Care Control Mobile. This feature allows multiple photos, videos and diagrams to be added to a single note with or without annotations.

Embedded media:

5

Tap on the **video icon** at the top of the screen to load a video. Then **touch the screen again** to upload or record a video.

6

To include more than one photo in a general note, open the drop-down list at the top of the screen labelled **No Pictures**.

Some new options for drawing and annotating will appear on the right-hand side of the window. You can draw freely, add straight lines and arrows, as well as add text labels.

Save your changes by pressing the **Save button**. This will return you to the blank note form where you can continue to complete the general note.
