Quality Survey Analysis in Cloud

This guide will cover viewing the Quality Survey Analysis in Care Control Cloud

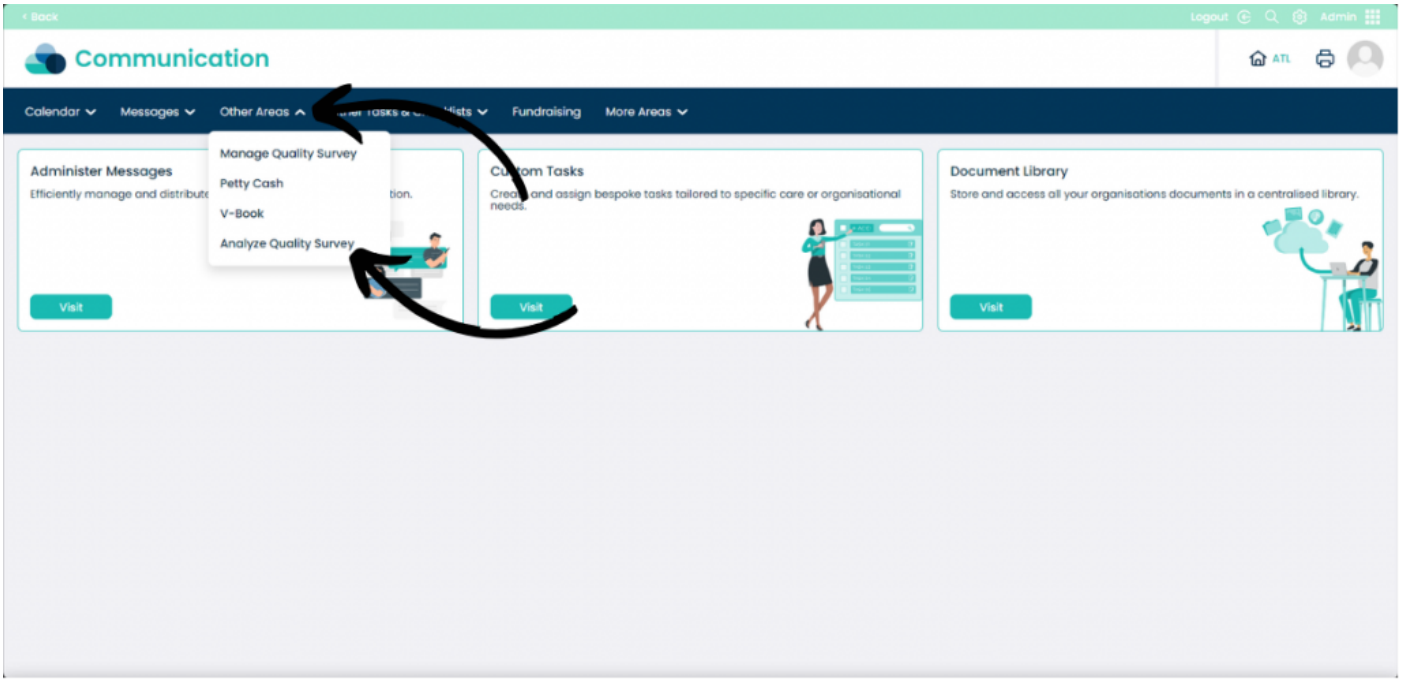

Step 1:

When you are in the **Admin** app, select **Visit** under **Communication.**

Step 2:

Click **Other Areas** and then click **Analyse Quality Survey.**

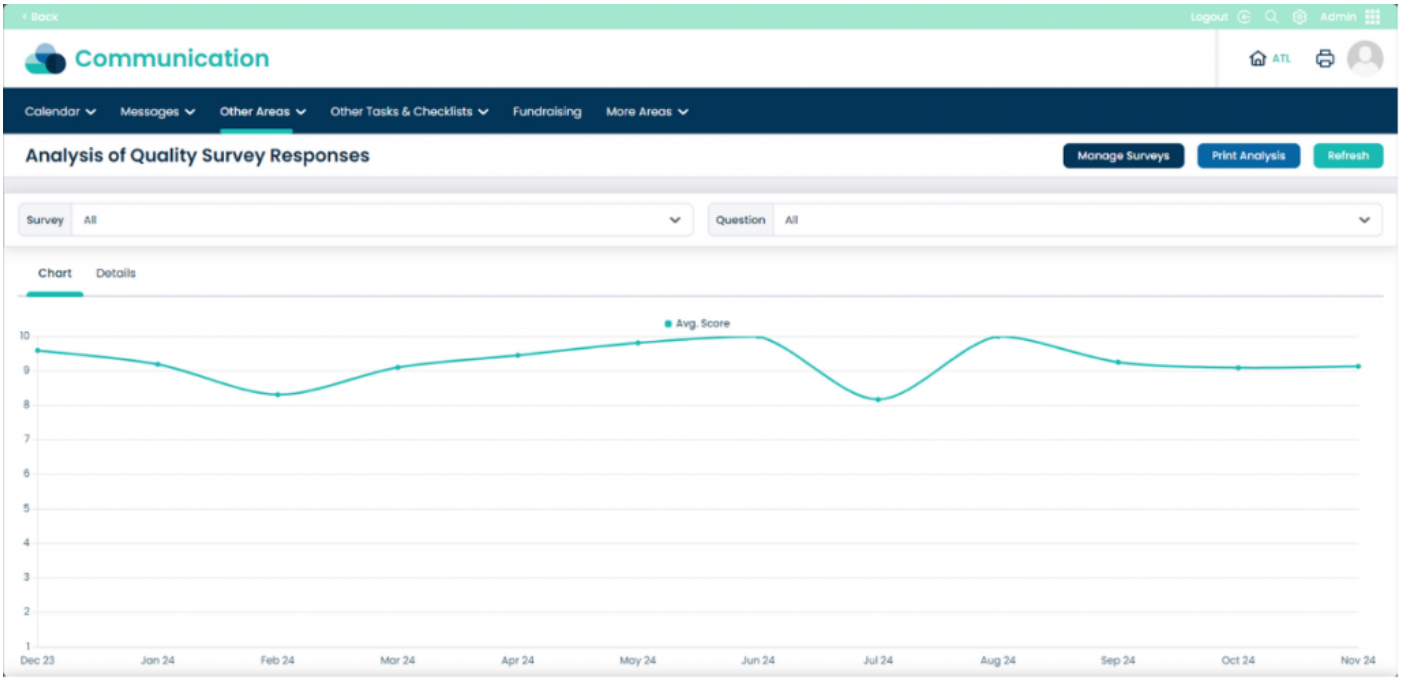

Step 3:

On this page you can view a **Chart** which shows all of the average response scores to your surveys. You can filter the survey by clicking the **All** next to the **Survey Tab** and filter by **Question** using the same method.

By clicking the **Details** tab you can view individual responses to surveys with information on the respondents.

You can also **Manage Surveys** which will take you to the survey creation and view menu, a guide for that page can be found here.

By selecting **Print Analysis** a PDF file will be generated with all of the response data.

Step 4:

This PDF file includes all of the scores and respondent details. This can be printed for further analysis.
