Recording a Service User Death

Care Plans Windows · https://cclearninghub.co.uk/docs/recording-a-service-user-death/

Recording a Service User Death

This guide will cover how to record when a service user passes away, via Care Control Windows.

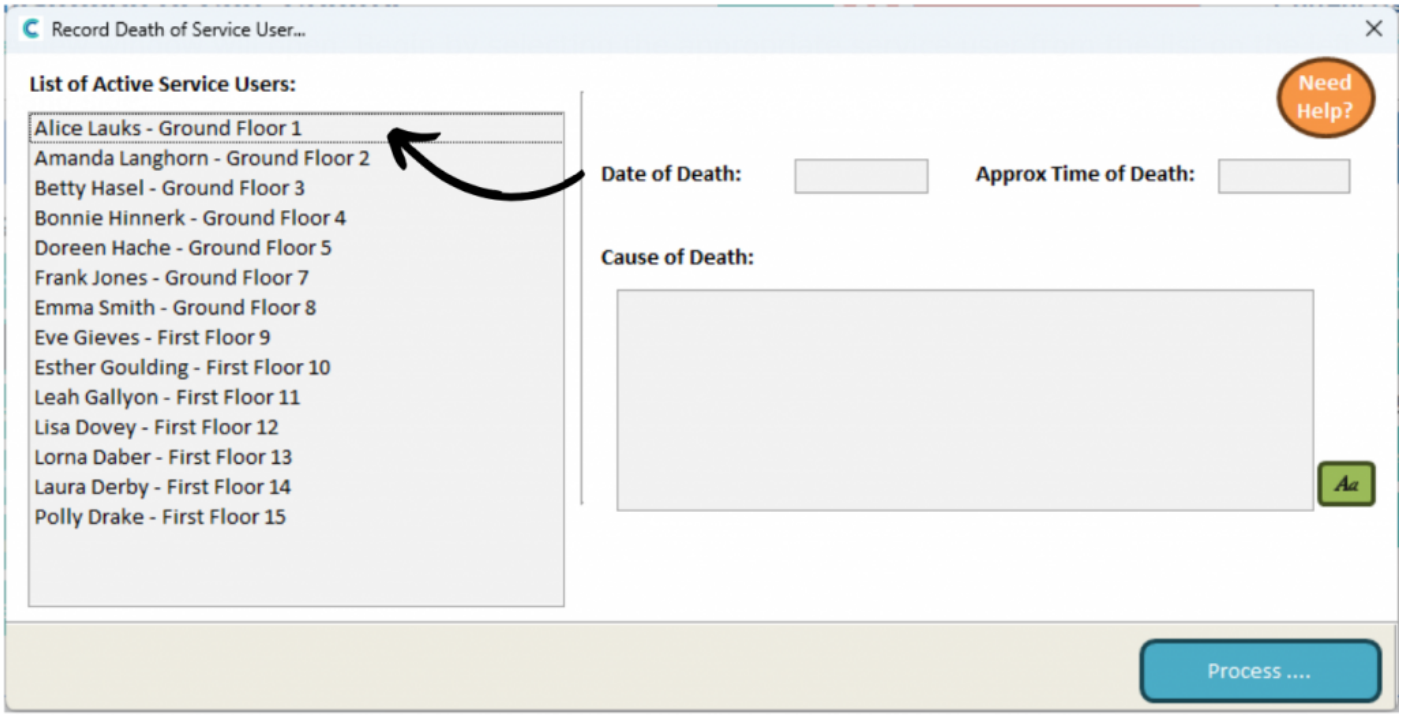

1

In the Administration of Care Control Windows, navigate to the **Record a Death** tool, which can be found under the Client Area tab.

2

3

Next, enter the **Date** and **Approximate Time of Death**.

Finally, enter the **Cause of Death** and press **Process**.
